Scope

This policy applies to all permanent employees (either full time or part time) employed by the Council and, at the discretion of the CEO, casual employees. This Policy does not form part of any employee's contract of employment. Nor does it form part of any other workplace participant's contract for service.

Policy Principles

The Council may require you to undertake specific training related to your current position, or as a prerequisite for performing a different position, for example if you are promoted to a higher position.

Training opportunities may also arise as part of your performance review. The Council encourages employees to propose suggestions for employment-related training to assist their development. You are required to have the permission of the CEO prior to either signing up, or attending, a training course. If you fail to obtain permission, the Council at its discretion may decide to not reimburse you for any course fees you have paid or discipline you for any time you have taken off work without authorisation (up to and including termination of employment).

Staff Development

Individual staff training and development needs should be discussed during the staff development review process.

The review process is designed to:
