

Características Técnicas:

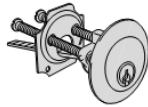

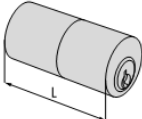

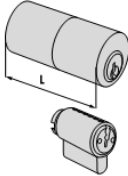

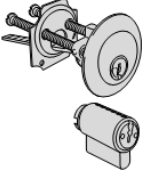

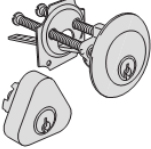

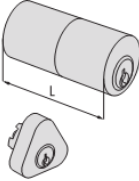

- Cuerpo en latón
- Rotores en latón
- Pitones en bronce
- Contrapitones antiganzúa en latón
- Muelles en bronce fosforoso
- Llaves en aleación especial de latón, niqueladas

Dotación:

- 3 llaves
- Tornillo de fijación

Acabados:

- ESTÁNDAR: Latón esmerilado
- BAJO PEDIDO: Latón niquelado Acabado 12 (incrementar al precio el suplemento correspondiente)
