

Important quotes:

no one is going to come rescue you—you only have yourself.  
The good news, it turns out, is that you are all you need.

What most people fail to understand is that you do not win debates with arguments – you win by setting the frame.

Remember:  
Not everything that makes sense works, and not everything that works makes sense.

We are all playing in the same sandbox, and the same rules apply to everybody: what you build is entirely up to you.  
(100% Free will)

“Not everything that is faced can be changed, but nothing can be changed until it is faced.”

Phylosophy & Concepts:

**You get what you tolerate!**

What are you tolerating right now?

What is the “price” you have to pay to terminate it?

Let's analyze that:

Everybody's life ROTATES (?) Around something... what is it for you??

Who is your role model?

What is your worst fear?

The horizontal line exercise

What is Our Reality:  
How to swim with the current, not against it.  
(life-changing)

What is that current?

Do you believe our reality in this universe is random, or does it have a purpose?

If it has a purpose, how do you perceive the “Programmer”?

Phylosophy & Concepts:

We must combine the Programmer with the material/physical world, because one doesn't work without the other.

Nothingness and consciousness.  
We watch a short video

The current is the purpose the Programmer embedded in this reality.

The importance of utilizing all your abilities and talents.  
(critical)

How does all that combine with what you do currently?

What reality will work best for you, and HOW do we create it?

Reality changes in real time according to who you are at that minute.

So to achieve this, you must be **that**.

Part three:

Moving Forward

So now that we understand the purpose of life, we know ourselves much better, let's chart a path forward in the reality we desire.

The importance of feeling in control.

Wearing masks:  
Attracting the wrong people & wasting energy.

You never made a wrong decision in your whole life. Why?

Because you have the privilege of being in the future.

A letter to yourself in the future: We will open then.

A discussion on what needs to be chiseled away

Listen to understand, NOT to come up with a clever answer!  
Also, the 70/30 rule. It will change your life

The 20/80 rule in business

When you negotiate or discuss, see reality through the other person's eyes. It will change your life.

Coaching on a specific path (business, occupation & relationships) that we determine is right for you and aligns with the “current”.
