

PRODUCT

10LLDCO

10-year Carbon Monoxide Alarm with Digital Display

Sealed-in batteries last the life of the alarm

DESCRIPTION

Sleek, lightweight CO alarm with a non-replaceable, sealed-in Lithium battery for ten years of continuous protection – meaning the user never needs to change the battery for the full duration of the alarm’s life.

KEY FEATURES

- **Sealed-in lithium batteries** – will last the full 10-year alarm life without ever needing to be replaced
- **Peak level display** allows the highest CO level recorded between 11-999ppm to be displayed
- **Digital display** clearly shows levels of carbon monoxide
- **Unique water-based Kidde CO Electrochemical Sensor**
- **CO ‘Quick-Test’ feature** – temporarily de-sensitises the CO sensor to allow quick-testing using Kidde approved CO sprays
- **Interrogation feature** – allows peak level, test history to be analysed by Kidde upon arrangement
- **3 LEDs** – Alarm, Operate and Fault
- **End-of-life warning** alerts user to replace alarm after 10 years of protection
- **Test/Reset button** to allow regular testing of alarm function

WHERE TO USE

This slim, easy-to-use alarm is ideal for use in all living areas and can be installed on the wall, where the digital display can easily be seen, or used freestanding on a table or shelf. It is also conveniently portable so can be taken away on holidays for added peace-of-mind.
