

RESIN RESIDUE REMOVER

Exterior use.

Removes all types of resin, grout polymer & epoxy residues from patio paving.

A low odour non caustic treatment that softens residues left by jointing compounds and grouts making removal from the surface of natural stone, and porcelain paving much easier.

Directions for use

SHAKE WELL BEFORE USE.

Always test on an inconspicuous area, prior to general application.

Preparation:

Ensure that the surface to be treated is completely clean and dry. If necessary, first wash surfaces with **Pavestone Patio Cleaner**. Rinse well with water & leave to dry.

Removing Residues:

Apply generously by dabbing on with a paint brush. Work in small manageable areas and do not brush out. Leave for up to 30 minutes. Do not allow the solution to dry. If drying should occur within 30 minutes apply a little more solution to keep it wet. Use a stiff short haired brush to remove softened coating from the surface. Repeat the process if unwanted material remains.

To finish:

Use **Pavestone Patio Cleaner** diluted 1:10 in warm water. Apply with a light pressure sprayer or scrubbing brush. Agitate the surface using a deck brush or scrubbing brush. Rinse by hosing off thoroughly with clean water.

Coverage: per litre

| | |
|-----------------|--------------------|
| Light Stripping | 8-10m ² |
| Deep Stripping | 5m ² |

Storage information

Store in a cool, dry, frost-free environment.

Shelf Life – Up to 2 years for unopened containers.

Once opened use within 6 months of purchase for optimum results.

Empty containers are recyclable. Active ingredients are water soluble and inert once cured so therefore not harmful to the environment and ecologically sound.

Health, Safety & Environmental

Ingredients: www.pavestone.co.uk/dr/resin_remover

HEALTH & SAFETY

CONTAINS: Benzyl Alcohol; Silicic Acid, Lithium Magnesium Sodium Salt; (L) C9-11 Pareth-9

Causes serious eye irritation

Harmful if swallowed or if inhaled

Keep out of reach of children. Do not breathe vapour/spray. Wash contaminated skin thoroughly after handling. Do not eat, drink or smoke when using this product.
