

About Us

Carestar Support Services is an NDIS-registered, family-owned provider with a genuine passion for care. We work closely with our clients to ensure each support worker suits the participant's needs and preferences. We also offer **plan management** services Australia-wide, providing support with budgeting, invoice processing, and financial tracking so you can enjoy greater choice & control with your plan.

“ I can highly recommend Carestar Support Services. We have been using them for my son for about 12 months now and the support has been amazing, they have been so responsive and helpful! They have gone above and beyond to help us. ”

“ Carestar Support Services were the ONLY agency that came out and met me personally, took the time to ask about our journey to recovery and basically treated us like family. ”
