PLAN MANAGEMENT

Let Carestar take the hassle out of provider payments and budget tracking.

With everything handled efficiently and transparently, you can focus on your goals with confidence, knowing your plan is in capable hands.

How it works:

Accessing the Service: If not already included, you can request funding for a plan manager at your planning meeting or plan review.

Cost: Plan management is covered by the NDIS and does not reduce funding for other supports. Instead, the NDIA funds this service separately under the "Improved Life Choices" category of your Capacity Building budget.

Benefits: Plan managers handle invoices, pay providers, and track budgets, subsequently making it easier to use non-registered providers or any provider of your choosing!

Highlights

- No out-of-pocket costs for you
- No reduction in your other supports
- Increased preference with providers
- Fast, accurate payments
- Simplified tracking to keep on top of your budget

Carestar Plan Management Testimonials

Vinci | Joined us in 2021

"Carestar has been my adult son's Plan Manager for five years, and they have completely taken the stress out of our lives. They pay all his invoices promptly, they are caring, and they always help with any questions we have. We feel so supported. I recommend Carestar 101%."

Michelle | Joined us in 2025

"I can highly recommend Carestar Support Services. We have been using them for my son for about 12 months now and the support has been amazing, they have been so responsive and helpful! They have gone above and beyond to help us."
