

EMT SKILLS MANDATORY ACTIONS

<u>Skill:</u>	<u>Mandatory Actions:</u>
Long Spine Board	Checks PMS prior to and post all directed movements Secures body to LSB before head Maintains spinal immobilization throughout procedure
O2 Setup & Administration	Cracks tank if device appropriate Secures regulator to tank without leaks Applies appropriate oxygen delivery device at proper flow rate
Traction Splint	Checks PMS prior to and post all directed movements Measures splint to unaffected leg
Cardiac Arrest Management / AED	Checks appropriate breathing and pulse for no longer than 10 seconds Immediately begins high quality CPR when appropriate Allows adequate chest rise and fall Utilizes correct compression to ventilation ratios Allows complete chest recoil Provides adequate volumes with manual breath Minimizes interruption to 10 seconds or less Follows prompts and correctly attaches AED Holds compression for rhythm analysis Clears patient for hazards prior to administering defibrillation
Joint Immobilization	Checks PMS prior to and post all directed movements Immobilizes patient joint appropriately / In POC
Bleeding Control / Shock Management	Stops bleeding Applies appropriate O2 therapy Warms patient
Airway Management	Appropriately measures airway adjunct Discontinues insertion of OPA if gag reflex detected

EMT SKILLS MANDATORY ACTIONS (Cont.)

Skill:

Mandatory Actions:

KED / Vest Extrication

Checks PMS prior to and post all directed movements
Secures device to torso before head
Maintains spinal immobilization throughout procedure

Long Bone Immobilization

Checks PMS prior to and post all directed movements
Immobilizes patient joint appropriately / In POC

Medication Administration

Five Rights of Medication Administration (Patient, Medication, Dose, Route, and Time)
Uses proper aseptic technique prior to administration
Considers appropriate contraindications for analgesic usage
Reassesses patient post medication administration for intended and untoward effects
Appropriately monitors patient vital signs post administration
