Quality Care Residential Homes, Inc. is an agency in the Greater Cleveland, Ohio area that is trauma informed and provides a structured home-like environment with supportive care and enrichment based programs to stimulate and help rehabilitate adolescent males. Quality Care Residential Homes, Inc. was founded in 2005 as an agency that operates group homes for adolescents between the ages of 10-21. The Ohio Department of Job and Family Services (ODJFS) licensed Quality Care Residential Homes, Inc. in 2005 to operate a 10 bed group home facility and in 2008 a second group home was licensed as a 6 bed group home facility. Quality Care Residential Homes, Inc. is dedicated to the well-being and developmental

and psychological needs of adolescents. Clients in Quality Care Residential Homes, Inc. find an enriching balance of stimulating activities, therapy and daily management tools to cope and adapt in society. The program is family centered and child focused and committed to strengthening families. Care provided is adapted to the individual child and is culturally sensitive, flexible and community based.

The agency provides a safe haven that is stable to eliminate disruptions, and nurturing as it meets a child where they are at, while tailoring services uniquely to each child. The agency also focuses on the health, optimal development and academic needs of the placement by providing diversification in services per

child's needs. Quality Care Residential Homes provides a trauma informed care approach, focus and model.

Our goal is to provide a stable and structured environment to help adolescents learn the skills needed to adapt efficiently and effectively in society. Quality Care Residential Homes, Inc. also tries to ensure re-unification of the family unit, whenever possible.
