Quality Care 2023 New Years Edition: Message From the Director

As Executive Director of Quality Care Residential Homes, Inc. I would like to close this year by giving a big thank you to our partners in caring for our youth. It has been a pleasure to partner with several Children Service agencies throughout Ohio this year!

As we kick off 2023 to a new start, the future looks bright for our collaborations as we continue to build in our Trauma Informed Care Approach to our youth and as we find even more innovative ways to service families. Additionally, we turned in our first maintenance report to The Council On Accreditation which was approved!

As we strive for excellence in working with children and families we also aim to maintain our Qualified Residential Treatment Program standards at the highest level possible for group home care. Thank you all and lets forge forward into this years exciting future!

Rev. Desmond Johnson, Executive Director
