

Quality Care Residential Homes

Quarterly Performance Quality Improvement Report Fall Q3 2025

INTRODUCTION

This is the Nineteenth edition of the Quality Care Residential Homes, Inc. Quarterly Performance and Quality Improvement (PQI) report. This report is intended for all stakeholders, including clients, agency staff, board members, contracted agencies & any individual who is interested in the work of the organization. This report will focus on Fiscal 2025 third quarter results of group home programming. During this period, the organization was directly impacted by major employment challenges and the current economy as reflected in the report. In addition, Quality Care Residential Homes is a small agency. We look forward to your feedback, and we fully appreciate your support. Also, additional information on the agency PQI program can be found on our organization website including an updated PQI plan.

OUTPUTS

Our agency measures output on a quarterly basis as the organization is primarily funded on a fee-for-service formula. As identified on the graphs Quality Care has met targets.

The retention of staff calculations (Chart 1) demonstrates that between the periods of July-September 2025 quarter to date there has been an increase in retention of staff compared to the prior quarters 1 and 2 of 2025. Although we have had improvement in retaining employees, the current unemployment rates and lack of candidates meeting qualifications continue to be a challenge in the current climate. Recruiting continues weekly.

A staff satisfaction survey is typically completed annually during the third or fourth quarter of the year, this year Quality Care Residential Homes will assess satisfaction in the fourth quarter. Staff satisfaction surveys are done 1-2 times per year.

A client satisfaction survey was not distributed to youth this quarter but will be during the 3rd or 4th quarter of 2025 to engage dialogue on youth's level of satisfaction with programming overall.

Staff are trained in the trauma informed care approach and the model utilized by Quality Care at a rate of 100% this third quarter, which also meets the benchmark (Chart 2).

Staff restraints were down significantly from years past, typically there would be around 3-4 per year. This past report indicates that there were zero restraints utilized during the 2024 third quarter and third quarter to date in 2025 (Chart 3). There has been more trauma informed care training which staff attributes to the decrease, additionally use of more verbalization and talk down techniques along with redirecting behaviors.

Quality Care had a 100% rate of ISPs and 90 days completed during the 3rd Quarter (Chart 4). Quality Care continues to be on track with timely completion of ISPs and 90-day reviews for youth in programming.

Quality Care had a 6% reunification home, 6% foster home placement, and 88% rate of reunification in process this means visitations or contact is occurring with plans to reunify with family or step down in the past third quarter of 2025 (Chart 5).

Overall, quality assurance of children records was at 100% compliance as displayed on Chart 6. Continued weekly and monthly quality assurance of records aids in maintaining the highest level of standard of care, tracking all service needs are met.
