

Proud Sponsor

TRARALGON OLYMPIANS MEMBERS

As Senior Coach at Olympians, I am passionate to help rebuild the club, wanting to focus on future development of the clubs' facilities, junior teams through to the senior sides.

We all know it takes funds to get a club in a position to supply the best equipment and improve the facilities for all to enjoy.

This year, we have a great young team of senior players with an average age of around 20yo that we are building for the future.

Coming to home games to support the team is a great start and as a sales agent of our major sponsor I would like to offer the members families and friends the opportunity to give back the club.

If you sell your property with Latrobe Valley Real Estate, we will donate \$500 back to the club in your family's name.

We at Latrobe Valley Real Estate want to be a part of the community, giving back focusing on future generations of our region and getting our children back into sporting clubs will build a social network and a sense of accomplishment and pride in our community.

As we have all been through so much over the last few years, now is the time to embrace, rejoice and help build a better future for the youth of the region.

If you're thinking of selling call David Sykes 0427 130 503 and together, we can help our soccer community and the Latrobe Valley community.
