*Great Book for New Parents*

I bought this book to give to my son and daughter-in-law who are expecting their first baby. I can't wait to give it to them! Great book with a great lesson!

Any of us that are parents, grandparents, or educators have experienced the fear that something terribly bad could happen on a playground. The Adventures of a Toddler: Jack Do It! The Playground is about a three-year-old boy trying to find his "wings." However, this causes much stress and anxiety for his parents because all they see are the dangers that lurk ahead on the playground. Jack's insistence that he be allowed to "fly" creates an interesting dynamic between Jack and his reluctant parents.

The Adventures of a Toddler: Jack Do It! The Playground presents a lesson that all parents, grandparents, and educators can appreciate and will hopefully embrace even with some trepidation. Join Jack in this heartfelt adventure, and you may even recognize your own child, grandchild, or student in Jack.

**Charles Bauer**, a retired teacher and sports coach, has completed his new book "Adventures of a Toddler: Jack Do It!": a delightful and heartfelt children's story that teaches readers of all ages an important lesson.
