FRAGRANCE

We create original fragrances that are unconstrained by the conventions of mainstream scent-making. Inspiration for each scent derives from the rich and storied cultures and artisanal traditions that have always interested men — spirits, tobacco, woodworking, fashion, and exploration.

3.3 FL OZ • 100 ML

BLACK AMBER

Our original fusion of amber, black patchouli, citrus and warm woods creates an unmistakably masculine statement.

MMPBA

Each fragrance begins with a precious extract from a single note: Atlas cedarwood, Guadeloupe rum, Virginia tobacco, Haitian vetiver, or Calabrian bergamot to name a few; and is then masterfully blended into a composition with the structure and depth to please both connoisseurs and those ready to experience the pleasure of niche perfumery for the first time.

CYPRESS OAK

Mediterranean cypress, blue water, and splashes of Calabrian bergamot are seamlessly blended with green apple, sandalwood and musk creating a perfect balance of sophistication and freshness.

MMPCO

GOLDEN TOBACCO

Bergamot, aromatic lavender and amber soaked woods are blended with tonka bean, patchouli and tobacco absolute to create a smooth, sophisticated fragrance for the cultivated gentleman.

MMPGT

BOURBON VANILLA

Warm, full-bodied and complex, the subtle sweetness of vanilla spiced with smoked bourbon cask and a twist of golden tobacco leaf delivers an elegant distinguished scent.

MMPBV

CEDARWOOD MARINE

Our signature blend of cool marine breezes and Atlas pine creates an exhilarating, easy-to-wear fragrance with natural allure.

MMPCM

MAHOGANY RUM

This warmly seductive fragrance captures the timeless elegance of finely aged rum with sensuous aromas of amber, dark spices, and caramelized woods.

MMPMR

MEZCAL LIME

This crisp citrus fragrance opens with a sharp shot of Oaxacan lime, agave, and bergamot grounded with cypress, vetiver, and tonka bean, creating a fresh modern elixir for all seasons.

MMPMZ

SALTED GIN

This iced blend of fresh citrus, wild botanicals, ebony wood and lavender is distilled to perfection.

MMPSG

SANDSTONE

This scent derives its layered complexity from the sandstone canyons of Roussillon where red ochres, warm woods, and enticing spices are saturated with sunlight and a wisp of distant smoke.

MMPSS

SANTAL ABSOLUTE

The elegant, creamy facets of Nepalese sandalwood are wrapped in a warming aura of papyrus, leather, and Virginia cedarwood while a dash of fiery cinnamon leads to a smoldering finish.

MMPSL

TEAK WOOD

Rare teak blended with opulent spices and fresh citrus captures the exotic spirit of Sumatra's deepest forests.
