

THE CREATIVE PDF WORKBENCH

Papercraft

Every page, under your control.

View, merge, organize, and watermark PDFs in a focused browser-based workspace.

FEBRUARY 19, 2026

Explore Papercraft

One desk. Five ways to work.

A clean toolkit for everyday PDF tasks, organized into focused workspaces rather than complicated menus.

01

VIEWER

Open and inspect PDF pages with reading and navigation controls.

02

MERGE

Bring separate PDF documents together in a single workflow.

03

ORGANIZE

Work with document pages and their order in a dedicated area.

04

WATERMARK

Mark documents for review, attribution, or distribution.

05

SCRUB

A dedicated area for PDF cleanup and related document tasks. Available options can evolve with the product.

A better flow from file to finish.

Papercraft keeps common document operations in one simple environment so you can focus on the output, not the software.

01

OPEN

Start with a PDF in the Viewer to inspect content and pages.

02

COMBINE

Use Merge when multiple files belong in one deliverable.

03

ARRANGE

Move to Organize for page-focused adjustments.

04

MARK

Apply a watermark when a document needs a clear status or label.

05

REVIEW

Check the result before sharing or distributing your PDF.

THE IDEA

Less friction. More control over your documents.

Simple tools. Thoughtful output.

A practical home for PDF work - from quick document viewing to preparing files for everyday sharing.

1

FOCUSED

Dedicated tabs make the toolkit easy to navigate.

2

FLEXIBLE

Useful for coursework, teams, personal files, and drafts.

3

BROWSER FIRST

Start from the web without a desktop application.

PRODUCT NOTES

Tools and supported operations may change over time. Always review the finished file before relying on it, particularly for confidential or compliance-sensitive documents.

MAKE YOUR NEXT PDF EASIER.
