CAR OF THE YEAR AT ONE OF THE MAJOR MOTOR SHOWS!

I'm here at one of the major motor shows, and the car everyone is talking about is the Panther 3.0D. The new Panther is Car of the Year and it's really fantastic! It's a car everyone wants to come and see. Some people just stand and gaze at its beautiful shape. Others want to sit in the driver's seat and dream. Some young men are more interested in the engine – and what a great engine! It's beautifully made and looks like an engine from a much more expensive car.

Even the very young are interested. Children sit in the back and try the electric seats and windows. Their older brothers and sisters play with the built-in video-game player. These are standard for all models. Other standard features are GPS, the sunroof, tinted windows and a fantastic CD player.

Switch on the engine and it runs so quietly. Try all the extras and they really are fun. But there's more! There's loads of space inside. The Panther 3.0D has seats for eight people – two in the front, three in the middle and three in the back. And there's space for all their bags.

It looks very expensive, but the Panther 3.0D is actually quite cheap. And you don't need a lot of money to run this car. It does 12 kilometres to the litre and has a four-year warranty.

But there's something even more important. This is a really safe car. You don't have to worry in an accident. There are airbags for the driver and passengers and many other safety features.
