

General Travel Checklist

- Masks, plan for one mask per day at least.
- Hand sanitizer .
- Disinfectant wipes.
- Non-Deet insect repellent , to avoid damage of plastic camera equipment.

Yes, we know the was already in the photographic gear list. We placed here because we think is important.

Temperature in Quito and surrounding areas oscillates between 61F to 69F , so dress accordingly. We are going to be in the cloud forest and it is humid so it can feel cooler than the stated temperature. October may have some rain , so bring rain gear. There is very good rain resistant shoes available in the USA. Consider galoshes as well. Do not bring umbrella, we want all participants eyes intact.
