

Environmental Policy

Beyond Compliance

Woodford Heating & Energy Ltd provides services to residential, commercial and industrial buildings on behalf of our customers. We are fully committed to achieving best practice by conducting our activities such that we continuously recognise our responsibilities to the environment.

Our aim is to continually improve our environmental performance and to provide our clients with the appropriate level of support for them to attain and maintain their environmental goals and aspirations.

This commitment is accomplished by:

- Integrating environmental considerations into our business planning and decision making
- As we have now achieved ISO14001:2015, Woodford are to ensure that we work in accordance with this.
- Being aware of our client's environmental policy and strategy: proactively participating to achieve further improvements
- Identifying, evaluating and managing environmental aspects associated with our activities to eliminate or reduce the likelihood of adverse impacts on the environment
- Identifying and promoting the use of **Best Available Technology**
- Setting and reviewing of appropriate environmental objectives and targets as required
- Continuously monitoring the Company's environmental performances by use of management review systems and procedures
- Comply with all applicable legislation and regulatory statutory requirements and best practice
- Committing to the prevention of pollution of all Company activities
- When possible, enhancing the Environment through charitable and community contributions.
- Training all employees in environmental matters appropriate to their role
- Conserving resources by the efficient consumption of energy and materials
- Implementing waste minimisation programmes where required
- Encouraging all suppliers and subcontractors to develop environmental policies endeavouring to ensure that they comply with environmental requirements
- Co-operation and communicating openly with the public, relevant neighbours, government, regulatory authorities Local Authorities and The Environment Agency and any other interested parties towards the shared goal of improving the environment
- Ensuring that this policy document is made available to clients and employees and is reviewed annually

All points in this Environmental Policy are in correspondence with "**The Woodford Way**" promoting consistent Environmental standards and improvement.
