

**FREESTYLE LIBRE FLASH GLUCOSE MONITORING
WORKSHOP SERIES FOR WSLHD GENERAL
PRACTITIONERS AND PRACTICE NURSES**

6 PRACTICES AT A TIME

10 sessions every 4th Tuesday of the month from February 23rd to November 23rd via **ZOOM** or face-to-face.

Time: 6:30pm to 8:00pm

Program will include:

- Practice visit by Abbott Australia prior to/or in the days immediately after the evening to offer an opportunity to wear a sensor and connect the clinic to the cloud (LibreView);
- Overview and rationale for using Flash Glucose Monitoring in patients attending General Practice;
- Insertion technique (site selection/skin prep) and care of sensor site;
- Use of LibreView and data download;
- Case presentations;
- Orientation to Abbott's program- providing 1 free sensor and reader to T2D patient on insulin;
- Tips for trouble shooting; and
- Q&A.

For enquiries or to register, please contact Ana on
Ph: 9881 1337 or E: Anandhi.Murugesan@health.nsw.gov.au
