

I don't exist to validate or comfort anyone's ego, fantasy, attachment, obsession, or illusion

by Pedro Lima

I do not exist to soothe anyone's ego, validate their fantasies, or stabilize the illusions they cling to.
My presence is not a mirror for false identities or unhealed wounds.

I walk in a truth that cannot be diluted to make others comfortable.
I embody a clarity that refuses to bend for projections, distortions, or delusional false stories created
by those who fear confronting themselves.

I honor only what is real, the soul, the integrity, the authenticity beneath all inauthentic masks.
I choose the path where self-responsibility replaces blame, inner wisdom replaces illusion, and
sovereignty replaces codependency.

My energy is not available as a bandage for anyone's avoidance.

I stand as I am: 🎯🌀⚖️🦉☀️

Uncompromised, unmanipulated, unbound, raw, purified, sovereign, authentic, free.
Those who meet me in truth rise;
Those who seek comfort for their illusions fall away.
