

Sovereignty Reclaimed - A Soul Transmission

Beyond Fear, False Authority, and Control

by Pedro Lima

A petty, fragile, and delusional narcissistic shady society thrives on falsehood, secrecy, speculation, conflict, deception, control, manipulation, exploitation, and domination, sustained by a bureaucratic, soulless maze of laws, rules, norms, and cultural traditions rooted in indoctrinated obedience, compliance, codependency, and subservience to hierarchical false authority, parasitism disguised as virtue, knowledge, and false prophets and leaders of truth, order, justice and wisdom.

The fear-based framework in society grants power to a few soulless, hollow grifters who, to appease greedy, parasitic, exploitative egoic scarcity attachments and a thirst for control over others, sit on prideful, ignorant, hollow, false, shady king thrones, hoarding at the expense of the exploitation and misery of a collective that accepts being enslaved, complacent, and dominated.

The collective rather than diving deep within to alchemize the fear that it is consuming it, peeling back layers of societal indoctrination and conditioning, confronting beliefs, habits, self-victimized narratives, unresolved emotional trauma, learning, growing, and freeing themselves from curated egoic fragmented identities, self-preservation stories, illusions, and survival-based self-protective coping mechanisms, the collective remains disconnected, not aligned with the heart's inner wisdom, not guided by their inner compass sovereignty.

They dim their light to obey, remain subservient, submissive, forgetting who they truly are, compromising their truth, time, and sacred energy to comply with a soulless narcissistic societal, corporate, and institutional corrupt hierarchical framework, rather than cultivating the inner courage and discernment to consciously choose where their energy flows sovereign.

Each one of us is responsible for our own inner state, not anyone else. Self-reflection, self-awareness, self-love, self-respect, self-dignity, integrity, honor, self-accountability, and grounding our energy are essential to cultivating inner authority, without compromising it for anyone or anything.

We are not here to please or control, nor to be nice or mean.
We are here to be the highest expression of our Souls, present, grounded, radiating our authenticity unapologetically, without egoic strings attached.

Honoring our true self requires the courage and discernment to set sacred boundaries with anyone or any system that seeks to suppress authentic self-expression.

I do not play or back down when it comes to setting boundaries with anyone who seeks to disrupt my inner authority and sovereign, authentic inner truth.

When we are aligned with our Soul's sovereign, authentic self-expression, we do not allow anyone to influence, control, dominate, coerce, project, or plant seeds of false authority illusions.

The Universe, our Ancestors, and our star friends assist, support, guide and protect us, ensuring that anyone acting with ill intent, malice in their hearts, and obsessive attempts to siphon our energy, or stepping out of their lane receives instant karma.

Clinging to egoic ignorance, pride, fear, and the illusion of control is a choice. Karmic divine order and justice are not.

I do not consent to ANYONE being entitled to my energy.
