

You were right, I was wrong
I was wrong about you!

I was wrong about my thoughts about you,
I was wrong - the way I felt about you,
I was wrong - because I fell in love with you,

You were right, I was wrong -
I was wrong - about you!

I thought we were more than just friends - false

Romantic flirting on midnight calls - false

Your promises to take out time for us -
False

All 17 "***I like you***" - you have told me on text -
False

You did not even give me - as much as I gave you - importance

If it's (your) mood - I'm your acceptance, otherwise you show resistance.

Every breakdown of yours (known to me) - I was there to give you-
Assistance

(But) You did not even care about my instances -
My existence.

And hence, I say ~

You were right, I was wrong ~

I was wrong - to take long route - to get a glimpse of you

I was wrong - to take (extra) efforts - took care of you

I was wrong - that you - want me - to grow with you!

You were right, I was wrong
I was wrong about you!

You yourself said,
You are a red flag - True,

Hardly did I know - you would change so fast - all your hues.

Calling me with nicknames -
Who gave the right to you?

Better control your emotions,
Number of words left - with you - are very few!

Why?
Because -
You have broken my trust.
In every relationship, respect is a must.

Irrespective of the fact, I was ready to adjust,
But the way you behaved with me - you have rust my heart's crust.

So, you know what,
Let me put in simple words ~

Did you call me back?
Huh NO
But did I wait for your call?
Hell - YES

Did you even care about my POV (point of view) ?
NO

But did I make you - my BAE (before anyone else) ?
YES

Did you even mean - the sorry you told me?
NO

But was I ready to forgive you, with my heart?

YES

So, Did I win you?
Perhaps, NO!
But did you lose me
Hell - Yes!

And hence I say ~

You were right, I was wrong

I was wrong about my thoughts about you,
I was wrong - the way I cared about you,
I was wrong - because I fell in love with you,

You were right, I was wrong
I was wrong - about you!

aakhir mein,
Meri chaar liney ~

Toh kya hua - agar mere naseeb mein - uska saath na tha,

Meri mohabbat ka har qissa toh baakuda saaf tha!

Woh mud ke na dekhe - yeh ek aur baat hain,
Main toh sada uske dar par - wafaa ke saath chala tha!

Aaj bhi mere khayalon mein sirf uske nishaan hai,
Tab bhi dil par usi ke mohabbat ka armaan tha!

Bas Farak sirf itna hai meri zindagi ke afsaane mein,
Aaj nafrat hai - jo kabhi - sirf ek pyaar ka jahaan tha!

~ that's me, KRK, signing off!
