* How Card Maintenance Fee Works

Your ADV Global card has a monthly maintenance fee of \$2.5.

It is charged at the end of each month from any Advcash wallet with enough funds on it, or from the ADV Global card, in case wallet balance is insufficient.

If both wallet and card balance are insufficient, we will send you a reminder asking you to fund any wallet with enough money to cover the maintenance fee.

As soon as you make a sufficient deposit, the fee will be charged automatically. No need to do anything after that.

We will keep trying to charge the fee for 30 days. After 30 days, if the fee was not paid, at the end of the month your ADV Global card will be irreversibly closed.

We recommend making sure there is always enough funds in your wallets or on your ADV Global card to cover this small maintenance fee for a few months ahead.
