

November 10

Hello all,

Thank you for your continued presence. Below are some news highlights from the past two weeks:

-Israel announced outright that they will not allow displaced Palestinians in Northern Gaza to return to their homes, a clear expression of ethnic cleansing.

-Israel attacked another school shelter on 11/8, killing 12 Palestinians

-Spain has denied harbor to two ships operated by the Danish company Maersk, believed to be carrying weapons to Israel.

-Turkey and another 50 countries sent a joint letter to the U.N, pressing for an end to Israeli arms transfers.

-Two Palestinian-Canadians are suing the Canadian government for abetting genocide.
