

# Thetford Talk on Palestine and Town Meeting Resolution

Please welcome to our town **Hamed Bakir**, formerly with the World Health Organization, and **Mousa Ishaq**, chair of the Burlington-Bethlehem-Arad Sister City Program. They will speak about Palestine, their homeland. They will help us to better understand the apartheid system and genocide happening in the occupied Palestinian territories, why it is happening and what everyone can-and must-do to stop it. **Henry Nichols** of Thetford will moderate questions and answers as well as present the Thetford Apartheid Free Community 2025 town meeting resolution campaign.
