## PEGO: Setting Benchmarks

**Karan Shah, Partner, PEGO Hardware**, shares the company's innovative outlook in following market needs and trends to deliver quality hardware for doors and windows

As a leading door & window hardware brand, we have created a strong niche in the fenestration industry of India. Our prior experience in the aluminium extrusion space made it easier for us to make a smooth shift to the door & window hardware industry. In fact, we have recently completed ten years of our presence in the Aluminium & uPVC Door & Window Hardware segments.

Our branch offices are located in Delhi and Coimbatore, where we have also set up a warehouse so that we can meet our customers requirements quickly. Our sales representatives are available in many parts of the country. We are continuously pushing the boundaries of innovation in new product development and are setting the benchmark for adhering to the best trade practices.

We are continuously pushing the boundaries of innovation in new product development and are setting the benchmark in design, durability and ease of use of high-quality doors and windows with our fittings

**Karan Shah, PEGO Hardware**

We engage with window manufacturers to take their feedback, and we study market trends closely so that we can integrate the required changes and new trends in our products. Coloured and anodized hardware for laminated uPVC profiles, Concealed Hinges, Concealed Stays, Short neck handles with keys are some of the solutions that we have introduced in the market.

All our products conform to international quality standards and are backed by tests and certificates. In fact, we undertake rigorous testing in-house so that we can give our customers superior quality certified products which will further enhance the value of their finished doors and windows. We believe that good quality hinges, door closers, handles, locks etc are necessary for providing the right functionality, security, convenience, and durability to doors and windows, besides enhancing their aesthetic appeal.
