

## **About us:**

Since 1995 - The year Nile Company for industry and equipment was founded – we took the initiative of developing of the shutters industry, side by side, coping with the latest technologies.

Since the early start of our presence in the market, we took the responsibility of raising the awareness of the necessity of Rolling shutters, not to mention maintaining quality and improving it through a well-planned process.

Not only we're the leader manufacturer of Rolling Shutter, but in Nile Company for industry and equipment, we are always obsessed with enhancing the educational environment, and here comes the role of Nile Academy, which is the first of its kind with the primary aim to promote the product through free training sessions to raise the competence of the technical installation of the product.

During our journey, we were able to develop, improve, and be the leaders of the rolling shutters industry for more than 25 years.

Now, we can gladly say that: Nile Company is the largest and the most important manufacturer of rolling shutters in Africa and The Middle East with 380 employees, two factories, and 12 product lines for different items and products.

## **Our 25<sup>th</sup> anniversary:**

In 2020, in parallel with our 25th anniversary, Nile Company celebrated the launching of the NGS (New Generation Shutter) for the first time in the region. This new technology has improved the whole shutter industry with groundbreaking light and air accessibility features.

## **Our mission:**

- Increase the awareness of the necessity of the rolling shutters in the market
- Enhance the educational environment for the technicians through our academy
- Be part of the technological development in the shutter industry

## **Our Vision:**

- Expand and invade the market globally
- Be the first choice for customers worldwide when it comes to rolling shutters
- Positively affect our society through maximizing our role regarding social responsibility

## **Our Core values:**

- **Quality:** To maintain the best quality for our products is key, this can be achieved through using the latest and the best technologies, side by side, with the continuous training for our employees.
- **Growth:** The success journey is eternal. That is our second core value. In Nile Company, we always seek more.  
More expansions  
More growth  
More success
- **Reliability:** This couldn't be achieved without having our hard-working employees side by side.
- **Customer satisfaction:** Without our customers, our journey wouldn't have lasted for 25 years.  
In Nile company, customer satisfaction is always our main goal.
