Message from the President of GWRU Mr AB Richards

AS President of the Griqualand West Rugby Union it gives me great pleasure to extend a message of goodwill to this centre — GRIQUALAND WEST — on the celebration of their centenary.

The contribution made by Griqualand West to non-racial rugby in South Africa is one that would be very difficult to emulate and to try and express in words would only do an injustice to the materialism put in by Messrs Kester, Abass, Calvert, Barnes and various other persons.

May I also take this opportunity of thanking Mr ES Patel who has thought of this idea of paying Griqualand West the honour of celebrating the Centenary in Cape Town and thus showing the same unselfishness as his predecessors.
