

FIRE EMERGENCY EVAUCATION PLAN

Hungate (Phase 2)

In the event of a fire in your apartment:

Immediately evacuate your apartment, leaving their personal belongings behind. Exit the building via the nearest staircase **DO NOT** use the lift, before assembling at the designated Assembly Point and contacting the fire service via 999.

All other apartments **DO NOT** need to evacuate unless it is deemed necessary by the Fire Service.

In the event of hearing a fire alarm from another apartment:

Remain in your apartment with your apartment door closed until requested to leave by the attending fire service.

Call 999 the emergency service will inform you if other calls have been received.

Should you choose to leave do so by your nearest staircase **DO NOT** use the lift, before assembling at the designated Assembly Point.

In the event of hearing a fire alarm from the communal parts:

Remain in your apartment with your apartment door closed until requested to leave by the attending fire service.

Call 999 the emergency service will inform you if other calls have been received

Should you choose to leave do so by your staircase **DO NOT** use the lift, before assembling at the designated Assembly Point
