

Dear Austro Control

I wish to complete an ICAO / FAA / UK CAA (* *delete as appropriate*) (** *state country licenced issued*) PPL(A) licence conversion to EASA PPL(A)

I have a:

- Valid (* State Country) PPL(A)
- Valid and current SEP rating
- more than 100+ hours total time on the relevant aircraft category

Please find attached:

- Austro Control (Conversion) application form
- Passport copy
- Valid (* State Country) licence copy
- Current SEP rating
- ICAO Class 2 Medical Certificate
- All log book pages showing a consecutive log of more than 100+ hours total flight time
- Licence verification letter

Can you please confirm that I am eligible to proceed with the ICAO PPL(A) to EASA PPL(A) licence conversion process?

I would like to sit EASA PPL exams in:

- AIR LAW
 - HUMAN PERFORMANCE & LIMITATIONS
- on (* Date)

Followed by an EASA PPL skill test with an EASA flight examiner

Thank you

Kind regards
