

Equipment Offering — Item STT-06-0034 • CTG-OFR-2026-WEB-STT-06-0034-01 • Short Form • September 2026

EQUIPMENT OFFERING • ITEM STT-06-0034

**NEW (UNUSED) SURPLUS HYUNDAI HEAVY INDUSTRIES
80/106.4/132.8 MVA GENERATOR STEP-UP TRANSFORMER**

*69 kV (72.5 kV Class) — 13.8 kV, 3-Phase, 60 Hz, ONAN/ONAF/ONAF, with HV Load
Tap Changer • Built 2024*

Item No.	STT-06-0034
Manufacturer	Hyundai Heavy Industries Co., Ltd. (Ulsan, Republic of Korea)
Type	Generator step-up (GSU) power transformer, oil-immersed, outdoor, conservator type
Rating	80 / 106.4 / 132.8 MVA — ONAN / ONAF / ONAF
Temperature rise	55 / 65 °C
High voltage	69,000 V wye, neutral brought out — 350 kV BIL — 72.5 kV class
Low voltage	13,800 V delta — 110 kV BIL
Vector group	Ynd1
Tap changer	On-load tap changer (LTC) on HV, 21 positions, 64,800 – 79,200 V
Impedance	8.4 % at 80 MVA base (13.95 % at 132.8 MVA base)
Condition	Unused — manufactured 2024 — never energized in service
Location	Southeastern United States — available for inspection by appointment
Availability	In stock — immediate — subject to prior sale
Price	On application

Unit as stored.

CTG Power Systems Intl., LLC

SCOPE OF SUPPLY

Transformer main tank with core and coil assembly; conservator tank; radiators; cooling fans with motors; HV, LV and neutral bushings; HV surge arresters; interconnecting piping and mounting hardware. Shipped without insulating oil; oil supply and filling, transport, field assembly, testing and commissioning can be quoted as options.

COMMERCIAL BASIS

Offered by CTG Power Systems Intl., LLC on a sole-source, principal-to-principal basis directly to the ownership of the end-user project. U.S. dollars, FCA point of storage (Incoterms® 2020), bank wire transfer against defined milestones. Subject to prior sale and to CTG's customary counterparty screening; no competitive tenders, brokers or intermediaries. Sales are governed by CTG's General Terms and Conditions of Sale.
