The Future is Bright

What an incredible year 2024 was for our group! I am truly grateful for everyone who contributed to making it memorable.

As highlighted on previous pages, we concluded 2024 with a lively trivia night, our local 99s 95th anniversary celebration, and shared the Christmas spirit as an aviation community.

Looking forward to the new year we welcome fresh faces and cherish those who have remained steadfast over the years.

We aim to continue supporting one another and the broader community, inspire future aviators, promote aviation education, and ignite a sense of fun and wonder.

Our action plan will kick off this month with our collaboration with the CAF. Partnerships will continue throughout the year with WAI, EAA, Austin Pilots, and other organizations.

To support future aviators, we are excited to announce the opening of our chapter scholarship application window. Join our January 25th meeting, in-person or virtually, to learn more and sign-up for our application review or mentorship teams.

Aviation promotion will continue with 99s representatives at school fairs, air shows, and GIAD events. Our major community and fundraising project for 2025 will be "HalloWing" in October, more details to come with preparations starting in April.

We will also embark on our goal to fly more as a group. The plan is to have a Spring fly-in to Big Bend! Dust off your wings, ladies. We're going flying!

I am eager to accomplish all this and more alongside my Ninety-Nines sisters and our amazing supporters. To 2025!
