

FEAST OF TABERNACLES

Tabernacle comes around just one time a year,
Where we build our tents in the fields with no fear.

The instruction was given to the prophet Moses from GOD,
When we came out of Egypt it became one of our laws.

We gather in the day and even at night,
And sing praises to King Yahawah, who delivered us with power and
might.

We sang about the great bondage we felt in Egypt,
But when we were delivered we got back all our respect.

We got gold, silver and diamonds in all of its work.
The enemies brought out gifts and gave to the true sons of the earth.

So while we continue to keep The Feast of Tabernacles straight down to the end.

The second Exodus we assure you, will be mightier than then.

And at that time all nations will know we are Gods

And before their battle has started they would have already lost.
