

Welcome to the Wadebridge Memory Cafe

Cafe Curiosity; chat about what we see.

Monitors listen out for, note down, and be ready to report back one:

Fantastic fact.

Interesting thought.

Name of a song.

In a moment we will look at a few objects or pictures.

First of all we will take a quite minute to look and ponder.

Then in pairs we will talk about one thing in particular that we notice.

We will then take it in turns to share our thoughts with the team.

If we get stuck words like who, what, when, where, why and how can get us thinking.
