

## SeeUp 4H 4K AI Video Bar

### New 4K Technology: A Leap in Image Quality

SeeUp 4H is a brilliant all-in-one 4K USB video bar designed for individual and huddle room video collaborations. The upgraded 4K camera has a clearer picture, and the SeeUp4H has two smart modes that you can choose AI auto framing or AI speaker tracking to follow and keep you at the center of the screen automatically. The built-in microphone array and independent speaker are with advanced audio algorithm for acoustic echo cancellation and noise suppression ensures everyone hears and is heard clearly. SeeUp 4H is compatible with all major VC applications and UC platforms while requires the easiest operation by just USB plug and play. It is the smart camera that will help break the distance limitation and make us feel immersive, and create a face to face meeting experience for us.
