
Schedule of the Week

Day 1

Arrival in Marsa Alam in the evening. Our transfer will pick you up from the airport and drive you to Hamata harbour. Once there, you will embark on the beautiful “MY 4Ever Sea” boat. We will spend the first night on the boat, in the harbour, and leave for Sataya in the early morning.

Day 2

We will start our journey to Sataya as early as possible, as soon as the coast guards give us the green light. It takes 2 hours of navigation to get to Sataya. For those who might feel sea sick, it is advised to take a sea sickness pill or other way of treatment, half an hour before departure. Once arrived in Sataya bay, we will anchor our boat that will stay there all week. No need to worry about sea sickness from this point forward. Depending on the time of arrival in Sataya, we might have the opportunity to swim with the dolphins already once or twice.

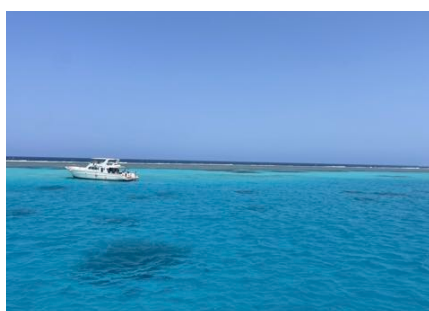

Days 3,4,5,6,7

These days will be spent entirely in Sataya. The dolphins usually arrive early in the morning and stay in the bay all day, sometimes even until sunset. We will therefore have plenty of opportunities to meet them. We will also have the opportunity to discover the magnificent corals reefs of Sataya. The reefs, the corals, the thousands of fish present in the bay will amaze you. It will be impossible for you to forget their show.

During your stay, our chef will cook delicious meals for you. Whether you are a meat eater, vegetarian, vegan, lactose intolerant or otherwise, you will find what you are looking for. Please let us know if you have a special diet.

Free time will be an opportunity to rest, read, listen to music, play, dance, and many more. At Blue Phoenix, we give a lot of importance to respecting others as well as ourselves. That is why we ask you to come with an open heart and mind. You will not regret it! Beautiful friendships are born in Sataya.

You will also have the possibility of scuba diving whether you are certified or not. For freediving certified, you will be able to do some dives with Agnes, certified AIDA 4 (Assistant Instructor). Please let us know in advance if you are interested (diving or freediving)

Days 7,8

It is possible to leave the bay on Friday (day 7) afternoon to enjoy a nice little “island”, located near the harbour, for our last night. If the group wishes, we can also stay in Sataya until Saturday (day 8) morning. We will all discuss it together with the group at the end of the week. Our transfer will pick us up at the harbour on Saturday early afternoon to take you to the airport.
