

Life's Tapestry Veils Trading Room 3 FAQ | updated 14th Aug

2023

You will know me as the founder of Decoding Life & that at the age of 57, I walked into church looking for Jesus to tell me whats up with all I was experiencing! Because no answers came from New Age, science, therapy, coaching programs, meditations, Maori Tohungas, Doctors, Medicine or Science.

Some history; at the age of 40, my business world collapsed mightily & publicly with in our industry & impacted our small family for the next 10-years. Then in 2013 I fell into New Age, It took me till 2023 to identify the system behind patterns & cycles impacting me no matter which way I turned with all that was going on I lost a child, not to death! Yet death consumed my family unit. 4-years later I left my 38-year marriage to my highschool boyfriend, lossing children along the way.

Prior to all this happening a friend introduced me to a different way to health & wellbeing. Here I started my journey of all things natural & supernatural. Regarding all these different services, today with my new understanding I would not engage in ever again.

There are some that I refer to through out the Trading Room events. Each has a different modalities that anchors issues, while at the time looked like they were or had, removed issues. Eventually I was squeezed out of my own life, for a end goal purpose that came real when I got strangely sick out of nowhere, while also being tormented spirituality speaking.

Some trades I had made in those days, I will say I was in complete ignorance. Yet at the time my responce was always “that felt

amazing”! It was like it would last for a few weeks or months then I would be back at square one again! I started to question practices after my daughter had an issue with the services of Reflexology. This was to do with opened doorways & this testimony will rock many that don't see any issue with New Age services. Other topics I had embarked on through natural healing, in areas of acupuncture, kenizeology, NLP, Access-consciousness, Abraham Hicks, Baars, Meditation. The secrets, Ask & It is Given, Power of Thought, many sales & marketing motivational tools, books, techniques, systems and more.

At the time like many parents, think that they are doing the very best for our children's health & wellbeing. I can say today issues are more evil than anyone could try to comprehend. Yet they are a key to solving trauma inside a family that is falling apart. Be that individual issue, isolated issues or multiple issues {many very much like my own experience}.

If you are handing over the autonomy of your child's body and don't know this information then you are doing a dis-service to your children & future generations. *{Note On our website, we say we are direct and this statement is for a very valid reason}*. While direct we are gracious with our time in Q&A. To break down languages between World's, for the next in eternity is relevant than this one!

RLS #4 | A reflexology Nightmare. A real life situation that added to a family that was already in distraction mode. I share this today in 2023 because the hidden are still the same agendas, but in reality more sinister {veiled} than ever before. For me at that time of my life I was trying to fix broken people, businesses, extended family, relationships,

finances, addictions & more while struggling to hold our family together.

When all this was going on for me, years later I walked into this same industry and became a practitioner {New Age, but blinded in connecting the dots}. To clarify I had no clue to the truth of the unseen & soul trauma, soul tapestries, evil agendas, evil human agents, corporate gluttony, financial ledgers that control bloodline results. Back then I was clueless, but not now!

In this 8am-Rollercoaster I cover real life changing information. The Soul Tapestries, not just of “Self” but I also cover “Other” & DNA. You will be surprised as to the evidence that will be given to you regarding the hidden veils over your own issues that you walk with very day or years for some. Yet as you walk through our event door you will feel that change is about to happen.

Here our aim is to demonstrate with meaningful evidence. Here we do not teach we expose! We will discuss many topics, while also actively dealing with anything that comes up that is not good for you and your life or lifestyle inside your family.

We show you what spirit-world doorway are in life, we teach you tools on awareness, by showing outside research to qualify what we demonstrate. This means in the physical, symbology is an easy way of understanding what seems to be the complexity of the many “Matrix” in our every day lives.

Thought: after watching a clip about the women who wrote the script, The Matrix; Q | why else was the matrix movie made?

Was it “But to wake your awareness up!

Was it “To create questioning the system we live our lives in”

For us we move knowledge into wisdom & activate your authority & power. **RLS #175** gives you another thought provoking conversation. During an event in 2021-2, I was reminded to share about a family of 5 in the spirit-world, the open visions was of 3-children, one in a stroller, with older two children on each side of the stroller. They were delivering a living nightmare into a physical family of six. Here we share about how un-seen spirits have a role in our daily existence & impact our daily atmosphere.

You will learn in parts how this spirit-family broke the physical family over a long period of time. {This overlaps into Ministry of Reconciliation & Rescue Mediumship}. **RLS #174** a house in the spirit encounter.

How this was attached to indigenous bloodlines, culture wars of ancestors over land & eternity of the bloodline souls {Soul Tapestry}. It's a fascinating timeline & even more-so when another piece of the puzzle appeared in mid May 2023! RLS {Maori Chief & Jesus & his cloud of witnesses}

As part of the introduction here I share entity groups I have encountered, both personally & professionally. *{Poltergeist, ghosts, demonic families, matrix of blended human & non-human, power, principalities, demonic stages, serpents, dragons, witches, warlocks, rulers of darkness, cloud of accusers in hell's courts}* & much, much more. With photo evidence to confirm one of the entities, which when shown to the Catholic Priest they acknowledged they understood who & what it was and meant.

Please note that I hold respect for the unseen realms, but no fear! & that's the key. If you hold fear that means you don't have authority, when actual fact you do. If every adult understood this then their lives & children's lives would look & play out differently. Knowing who you are changes everything.

These situations & other encounters took me into strange and at times very challenging levels of research, which became keys to understanding how evil works in our world. I also came into a new revelation that I had never considered. Most of my own New Age trades were, evil doorway openers, including the areas of power of thought, mindfulness & meditation.

I have more to share on these topics, again love many that operate in these areas, but I will also stress many don't connect the dots of the biblical & spiritual aspects of good & evil consequences to life's results through trading.

Professionally I have watched hexes being removed of people as well coming off my own life & DNA. I have had to contend with invisible layers of hidden witchcraft & warlock attacks coming at my body & more. *{Genetics plays out in this area knowing your bloodline is good but understanding the eternity part is more essential}* eg: Irish, Maori, Jewish, French, Swiss, Italian, Pacific, Chinese etc! Ancestral Trades are alive today and active as if it was the original day that trade took place!

Does this mean you are under some type of evil attacks or attachments, & can't see or understand any level of logic or life & lifestyle choices that correlate? Here on paper I can't say until you are in the room

working with our team. What I will say is most likely over 70% of people have been seduced into veiled witchcraft in their lives unknowingly. With 100% of families have DNA bondages & curses to deal with.

For some of you there will be a percentage of you that will naturally sense something's not right, yet pin pointing the truth in regards to the ugly situations can be different.

With these moments I guarantee evil has had a hand over or in your life results. Understand when we get to Trading Room 4 Patterns & Cycles, is where our teams spend time into the "xpose" part of r.e.d.x. were they deliver gold into your life. This will be demonstrated rather than a long winded explanation here. This is why we have the Coach's revelations & Personal revelation.

If you recall in Glossary #1 you were introduced to the examples of SRA & MRA. It is these terms that I am referencing to called hidden open spirit-world doorways.

Q | Have you ever considered logos. Example | Rotary & what that symbolises in the area of spirit-world doorways? This also takes you into topics of social grants/funding, also how are they ledgered behind closed doors, who get to see your application & why are these questions are significant to future generations.?

Or are these insignificant to the results & purpose of the result of the funding? *{In Trading Room 5 we will take a look at logos deeper hidden, veiled, meaning but more importantly purpose fulfillment with in the agreement agreed to}.*

If you are new to this content, then don't lock the information out as being irrelevant to you and your life right now. Especially if you don't have children, because this will hit someone, be it your own or one of your siblings children for, gene-jumping bondages & curses in the spirit-world is common as a bag of chips!

Consider the schooling system being ushered in! Think about not just personal issues but industry & community, governance & health, science & other topics all fall into or are built in these systems with hidden aspects that we share awareness around.

Understanding parents authority & power has been eroding away from the 50' & 60's. I personally had horrific satanic attacks on my children, but at the time I was completely ignorant to the system behind generational veiled trades from the supernatural parts of my own humanity & those of my ancestors & how they now fit the landscape of many relationship bondages & breakdowns.

We also cover how many career moves are excelled or eliminated through the same systems because of your DNA. These are not just one conversation. All topics are felt & dealt across the 7 Trading Room Workshops. In other words we unveil tapestries across topics, gender & generations through demonstration & in-depth Q&A.

In this event I will speak to you about Ishita & how in the spirit she takes OVER other creations {babies as an example} to make them look like her own. There is a must read book called "The Return of the gods" by Rabbi Jonathan Cahn. Here he does a great job saving you a lot of time in researching topics like Ishta! While I am no expert on the demi-gods I will say I have experiences around their realms & dimensions.

If you own a business or lost a business then you will find alot of hidden explanations into your failed entrepreneurial spirit that inspired you to start or open that business. It's here we take down the walls & open the windows of your hidden attackers that are more real than you could ever want to know.

Including how human agents of darkness & how they operate, where they operate from, their boardrooms & councils in the spirit-world & how royal tapestries across all timelines of humanity are intertwined into society. Castles, laberynths, towers, bridges in the cosmos & through false astrology, these are just a few to start with & are topics that we uncover within each of the Trading Room based on our historical content & coach's revelations of past, present & future.

Welcome to Trading Room 3

Founder Karyn Cooksley

Glossary | Trading Rooms Event #3 | Life's Tapestry Veils

New Age Trades | Without me understanding or knowing what did happen to mine & my childrens souls in parts by partnering with the expansive spirit-world through trades in services.

Cloning Station | here we are referencing to those un-answered body sickness that can just appear over night with out warning, and alot more than what we are saying here. We will also reference back to RLS regarding the Cloning Station encounter.

Tapestry | How this was revealed & what this looks like to the bloodline bondage. We will take you through a RLS perspective.

Demonic | Here we reference through RLS different groups & human agent association, patterns cycles that hold a spirit-world authority of & dictatorship over bloodlines through a false ledger of numbers & registrations.

Industry | meaning any industry that requires human's to work. For the end game is to eleminate man power or the need of man to work. Is this good or bad, what does man do if they are not required or need to work any more. Or less are needed to work & why is this a now question.

Demonic Sexuality | This topic is complex so lets not arrive at the event with a complexity around gender & as a reminder check that our Workshop T&C are all agreeable to you. If not then please know we dont refund workshop fees, for offense might be your response to this RLS.

UFO & Aliens | There connection to Star Wars & Cloning stations. Is this nonsense, futuristic or a hidden reality.

Bowel Cancer | Screening or screaming out into the unseen. This one has chosen to believe they are sick because symptoms say so, the ledger they have registered on says they agree this is in the family line. The DHB {local Hospital board phone line calls to make appointment} meaning they have you scheduled in to turn over your body to their system.

Truth Lies or Standing in the dark? | What I am referencing here is about some fraught moments on how my physical body was hit by SRA {*spiritual not sexual*}, tracked back to bloodline trades & the planning of transhumanism

Soul Parts & Tapestry | I assure you as each “part” of my soul territory was xposed & I was brought into my own understanding I started to research the topic of SRA deeper than I had since 2019 when I first heard about SRA terminology. {*Refernce Psalm 51*}

Here I will make reference to various out sourced content that helped me heal my own life & that of my wider DNA. SRA terminology was completely foreign, yet today I understand that it was my ignorance over my lifetime not allowing myself to experience or learn about spiritual warfare, or be spirit-filled with?

I can say that there is a coming battle that humanity is about to face in regards to transhumanism & your authority over your own bodies autonomy, that needs a refresher course in the market place, on what works & what wont work. 2020 injectables hold nothing incomparisson to what is behind the next release of fear upon the planet.

My trauma was linked through generations of soul tapestry trauma & how the eternal soul of past bloodline trade are used inconjunction with the spirit-world & are a DIRECT link to modern day life & lifestyle

results. This content I bring is more common than you are lead to believe or told. It is also a very serious topic to weigh into because it effects all across humanity!

My Cloning Example | Linked to Un-well Physical Body Parts | To get your head around the thought here are some opening thoughts for you to consider.

What can cloning look like?

Can this be based inside different behaviours we see in society today?

How many movies stars are cloned?

Q | Have you ever heard any Hollywood Star mention cloning?

If yes what was your intial thoughts on the subject?

Q | Is cloning part of programming? {workshop #4 topic}

Q | Are mobile phones part of the softening process to introduce transhumanism through intial {AI} programming?

And has media & marketing been subliminally programming us since childhood?

One cloning example | weak bladder, children holding on wetting pants or night time bed wetting. *{this is a brief insight & is not the entire picture.}*

Cloning & Sickness DNA Links | The amount of deliverence I experienced from soul-torture is insane, with my greatiest healing journey would be the exposure of cloning parts attached to the organs of my body. Through the spirit-world open bloodline gateways to build on exsisting life traumas.

These alone are enough to shake your reality into awareness that the unseen is more real than those at the forefront of transhumanism would like you to know or be skilled up in. *{A personal, RLS 1 Inside the workshop ask about the kaikour & he ancient stetching machine & clone hospital}*

You will also need to put on your Big Kid Pants because this gets messy & needs to be shared for what children today will deal with tomorrow, that are just un-thinkable.

Especially if all age groups do not get a handle of the bigger picture. Again I speak from Real Life Story not myth, I speak in truth, backed with meaningful, relatable, tangible evidence. I will also share how I was healed of Aspergers! *{RLS #124}*

Tapestry RLS # 6 | Blog Cradles & Bikes | Discussion on Children carrying parents curses. This is about two brothers under the age of 10, one had a learning difficulty and the other was holding the parent role instead of the parent & he was only 10-years old.

Now this was spirit but the implicationn to the physical daily results will make you look deeper into why children have issues. Why adults have issues or unresolved childhood or bloodline trauma.

Tapestry Dateing back to WWII | I will give evidence to historical murder of children how this works in the spirit-world and how this one situation caused transgender issues for a young girl now a boy.

Difference between | Ministry of Reconciliation & Soul Rescue Mediumship whats the difference, & what is the big hidden wisdom? This also includes RLS around seeing a valley in the physcial over run by spirit-world of ex-military men from all nations of the world.

Healing verses Deliverence verses Inner Healing SOZO verses Reiki |

We will touch on why deliverence changes lives; here we will recap on my experience with an exorcism inside the catholic church, learning about SOZO & witnessing these in the spirit-world, what they represent & are connected to. {Great Q&A}

Shock or Horror Stories you dont need!!!! | I understand for many of you that this cluster group may hold very little relevance to what I have just shared. However I need you to consider the diversity of the matrix that each case brings. Throughout each level of workshops I presented many RLS including my own personal spiritual attacks.

Please understand that I am prepping you for deeper interaction of what you are going to see physically appearing in the world. *{Remember we don't sell or back fear.}* So please do not buy into any fear stories across the airwaves. 2020 should have been a pre-warning to you on how humanity is not walking in truth but sold-out to fear, when there is a purpose to hide truth, truth is sold not received. Yet truth is power & powerful when you walk it out in trichotomy understanding.

Supernatural Bodyguard | Please understand there is a lot of conversation here in level 3 that builds on level 4 & 5. Know that across each workshop I have been building information to create a timeline of content. It will be up to you to join the dots of the tapestry along the way. Chat to others if you have misunderstood a portion then bring your question to the Q&A for more clarity.

Supernatural Bodyguard Activation Territory | I would like to say to you, I consider myself a normal mature woman, that has a unique gifting & call on her life. What I bring to the table is my lens that

will smash most understanding of the unseen causeways, bridges & systems we call life, afterlife, the abyss, universe & the human trichotomy entanglements.

We demonstrate understanding for the purpose of the “why?” the “how” & the “who”! Plus offer the “what do I do” & “which avenue is best” & “which options work best for your situation”. In essence we personalise your solution to problem solving.

Q&A is what we do | We welcome your questions & concerns, we are a team of people that don't fit the mold & are happy in the life & lifestyle we walk. We draw on each coach & client past & present life experiences & share these findings & healings through an environment that gifts special moments of connecting into creations purpose over peoples lives.

Discover DNA U.G.L.Y as a life tool that smashed issues before they take hold | We walk out our calling & purpose to show that bondage has been real in our own lives and that we are not afraid of talking while drawing out the U.G.L.Y. parts to life through meaningful evidence so you can walk out in freedom & victory. We produce results across our 7-events, understand this work is not a race, but in a timely manner your negative timelines, patterns, cycles & constraints will be exposed, healed & transferred into a feeling that your life issues no longer have a hold on you & life is refreshed like a stream of flowing living water.

Hex, demonic, satanic, psychic attacks | Know that I do see creatures of the unseen. You will either read in my Blogs or hear RLS of me walking into walls of satanic or psychic attacks, just by purchasing a 2nd hand bike on line, just by talking to the police about a cold case

{Now there is more to what I have briefly stated}. Here in this 8am-Rollercoaster I will share how I was brought to my knees in public places, at the time never understanding what just happened.

T & C Reminder | I am excited to spend the day with you in my companies private workshops. Please take time to read our glossay, refreash yourself of Trading Room 1, 8am-Rollercoaster.

We are firm on our T’&C’s so please make sure when you choose to engage with us that you come with the right intent. I am a private business owner & it is my choice to enage this information, it is your choice to enage based on the terms & conditions stated in our T’s&C’s listed in Trading Room 1 FAQ; these T’s&C’s apply across all events.
