

Life's Patterns & Cycles Trading Room 4 FAQ | updated

15th Aug 2023

In Sept 2022 I was asked to plan out a bloodline healing session for a couple, that were about to travel back home to the wifes country in Asia. To me I understood that their request was based on their learning & how they had spent many hours with me inside the Courts of Heaven, assisting with many case files at a corporation & global level.

History; they had never been into such matters nor experienced the Courts of Heaven before, they were green but keen to learn. They had a passion for setting people free including making their own lives better. While all work brings deeper complexitiy, to me the results they had were more than enough for them to be able to do this work on their own.

As time went on they applied what they expierenced and built confidence to stand alone, while always willing to ask question for support or get clarity around situations. Truthfully they took their time to pushed in, they went deep, wide & high. This made an impact and at times they expeience a few big push backs, eventually they found a greater purpose and balance to their lives.

The results of many of these case we did as part of their training are slowly coming-out as complete turn arounds in the nations of the world today. What do I mean? When you know how the world is set up & how the spirit-world is interfaced with our world, then from that position very significant changes can happen, as people gather together

& through unity they impact the spirit-world strongholds over our earth. [Meaning is evil can attack then humanity can respond} the key is to know spiritual aspects first. {Meaning get trained first}

That is what this couple started to understand, not by teachings but by experiencing! The case files we delved into, blew out our intelligence in so many ways! We thought this cant be true, yet when evidence came in or delivered a far greater positive result than you originally stood up for, that happened to us alot! It was & is in those moments that you stand up and take notice of the positive impact that humanities supernatural power & authority has. Yet it's sadly miss understood, misaligned, misused & or has been abused. [by verious secret societies}

Now back to the main story | This couples pre-travel request of addressing Bloodline Bondages & DNA Curses & healing through Heavens Courts. This couple have a heart for family member in the nation that they were about to travel too. They had a desire for them to be healed. They held a different level of understanding and wanted to address the many layers of U.G.L.Y {an acronym we use} situations to improve for different people for different reasons.

I agreed to help, it was a next level crash course for them, as they did not give me heaps of time. We had 3-evening to achieve what one topic would take 3-hours. Un-knowingly at the time, this work became the foundation to Decoding Life Cluster Groups. In 20-hours spread over 3-evenings including one night dedicated to their personal lives we

drafted out a rough template of what you will experience across the 7-workshops.

In our Trading Rooms we cover not just the original 300 topics but additions that keep presenting themselves to our team. Each holding amazing revelations for those in the process & more when others return to go deeper.

Since then Decoding Life planning has been re-worked many times to perfect the effectiveness, not just the content process but time frames while keeping the work in an affordable environment. Because of 2020, many people have suffered from job losses and more and its that topic, along with business closures, job opportunity losses, automotive growth in the work force industry, that landscapes are changing.

It is governments role to make systems work for it's people & when that is not working for the people, the people need tools to make changes that impact in real time. This is where the entrepreneur gift, the inventor gift, {invention not yet released on earth for Gods Kingdom people across all industries} the teaching gift, the social development gift needs space to clean the "soul foundational space" & to bring forth that which is stored up inside of you!

Inner-healing & deliverence of generational Patterns & Cycles is a game changer to families, because it changes hope into certainty & certainty restores peace of all things. It's inside our events that we

remove veils off the mind, will, emotions and ignite what is truth in you. Removing lies both known or unknown, spoken or unspoken, dormant or awake! you will become increasingly dangerous in the spirit-world, to then be able to go out and impact your areas of influence with authority & power, by transferring knowledge into the wisdom direct from the Throne of God.

In closing my friends embarked on a journey that did corse massive false accusations as they dismantled bloodline altars, at that time they & I did not see that temples were still standing & thats another dimension we will approach inside other Trading Room Resources.

[AI] Artificial Intelligence | AI voices are programmed but its not the voice you need to be concerned about? The revelation from this topic is a healing legacy across your bloodline, past {Minsitry of Reconciliation} & present to remove for all future generations. Before our lives look to be robotic clones.

Trading Room Flyer Content | Categoury could be seen as moving parts, menaing we could constintly be adding to our content. Know that we do this on an annual bases.

Track & Trace | Is very much a key in this section. One thing to remember is that this does hit the wider bloodline at high speed. This means that if you chat to family members about what issues they are having you can bring their topics to the table {they dont have to be with you}. We welcome testimonies becuae they physicaly can impact others. Always bring along to the next workshop your testimonies.

Prep For the Event | read through your next workshop booklet, make notes of any questions you have or problems specific to the workshop topics. Talk over with family members and come prepared. We understand the nuts & bolts of this workshop will happen at the 8am-Rollercoaster, so don't be to anxious about your prep.

DIY Detective Tool | we have other tools that add to this event, but works differently & breaking down the cosmic system that hinders peoples lives. While this tool helps with Trading Room 5 Symbology it also is presented here in Trading Room #4.

The tool is online why we suggest after the event, because it is something that you can uterlise as future research / homework resources. We gaurantee that these tools will give you and your bloodline greater understanding to the over arching background to our content & for the results in trichotomy FREEDOM, especially sickness & patterns of illnesses plaguing bloodlines. But this all needs background understanding first. From my end I am all about transperency. {TK28-32 freedom from false cosmos}

Altars List | Know that in Trading Key 5 what we touch on is linked into the altar list, know that our starting list of 40 has been our baseline list since 2017/18 when we first entered into the Courts of Heaven. Today in 2023+ that list is more about indiividuals unique bloodline content, rather than a corporate list {bespok is better way tolook at your own list as you go} theirfore you add and make it personal to your case files or Trading Room content. You will have emergeing evidence that means something to you, & it's that information known to you that will break walls down of impossibilites & bring in hope.
