DEDICATIONDEDICATION

This report is dedicated to the female human rights defenders in Central Darfur who unfortunately lost their lives due to the ongoing conflict. They include; Ms. Samahir Abdul Shafi Abdallah aged 32, a journalist and human rights defender from the Al-Hasahisa IDP camp. Ms. Samahir was killed in June 2023 at the camp. Ms. Ekhlal Adam Abdul Mula, a medical Assistant working with the International Medical Corps (IMC). Ms. Ekhlal was killed on 15 October 2023 at her workplace in the Al-Hemidia neighborhood in Zalingei.

Executive Summary

The majority of the SAF bases are located near residential areas and RSF adopted a trend of occupying residences of civilians in neighborhoods around SAF bases to attack SAF. Civilians have suffered the consequences during gunfights between the warring parties as their homes are shelled resulting in the killing of thousands, injuring others, and severe destruction of property. During a gunfight between the warring parties, there is a total disregard for human rights and this has cost Sudanese citizens their lives including vulnerable groups such as IDPs and children.

During the period between 15 April to 30 October 2023, the African Center for Justice and Peace Studies (ACJPS) documented a series of human rights violations particularly targeting the Al-hasahisa and Khamisa Dagig IDP camps located in Zalingei town in Central Darfur. During the reporting period, at least 70 people including children lost their lives, and 116 sustained injuries. There were also incidents of arbitrary arrest. ACJPS has also documented the names of victims and testimonies. It is however notable that most of the victims sustained injuries to their upper body parties such as the stomach, head, and chest areas to which they succumbed.

Al-Hasahisa IDP camp

Al-Hasahisa IDP camp was established in 2003 in the southwest of Zalingei town in Central Darfur State to host IDPs who had fled from Wadi Azoom, Wadi Salih, and Um-Shalia localities. The camp is located approximately 1,600 meters from the Division 16 SAF base in Central Darfur. The camp is divided into nine different sectors and the sector 8 is adjacent to the army barracks. Al-Hasahisa camp is under the supervision of the General Chairperson while each sector is supervised

by a member of the native administration known as Sheikh alongside a youth chairperson. Al-Hasahisa camp hosts approximately 50,000 IDPs.

Incidents targeting Al-Hasahisa camp

Several male IDPs are affiliated with SAF and others serve as soldiers. It is for this reason that RSF has allegedly targeted the IDP camps.

In February 2023 the Al-Huakir established a Defense Forces. It is alleged that the reason for the establishment of the defense forces was because RSF was gathering forces to attack the Al-Hasahisa camp.

On 15 September 2023, Rapid Support Forces besieged Al-Hasahisa IDP camp from three directions North, East, and West because the camp is located near the SAF base and barracks. This was done to prevent the SAF soldiers from accessing the markets located within the camp for example Moro market in sector 1 of the camp, and also the SAF Military Intelligence (MI) Unit from accessing RSF-established checkpoints through the camp.

On 2 October 2023, RSF closed the road to the Al-hasahisa neighborhood because they wanted to use the area as a base to attack the SAF base. This also affected residents of the Al-Hasharafa neighborhoods of Zalingei who were resultantly displaced from their homes due to shellings.

On 4 October 2023, a group of SAF soldiers attacked the RSF checkpoint that had been established near the health insurance building in the Al-Hasahisa neighborhood in Zalingei. The group also raided several houses where the RSF officers had allegedly sought refuge. This attack was accompanied by heavy shelling of the area destroying several houses and displacing residents.

On 8 October 2023, RSF established a checkpoint on the road to Al-hasahisa camp from the Barno neighborhood to prevent goods from passing through the camp to SAF headquarters. The RSF resultantly besieged Al-Hasahisa camp from all directions, banned all goods from leaving the camp, and ordered that no one leave the camp including those that needed to fetch water. On this same day, one IDP in the camp known as Haliz Basi (m) was shot dead.

Other developments

At the beginning of the armed conflict, RSF launched an attack on SAF barracks and looted the foodstuffs from the stores belonging to the World Food Program (WFP) located next to the barracks. Consequently, RSF besieged the SAF base (Division 16) in Zalingei.

On 29 December 2023, tensions arose between the IDPs from the Al-Hemidiah camp located in Zalingei and the RSF in the Murrain market. There were incidents of looting in the Zalingei market and other public institutions during the attacks by RSF and the Allied Arab Militias in April 2023 in Zalingei.

There were also allegations of weapons distributions to IDPs in the camps in Zalingei and Nitrite in Central Darfur by SAF through affiliates from the Four tribe and members of the former National Congress Party (NCP) and Sudanese Islamic Movement (SIM).

Targeting of civilians

On 11 October 2023, a group of RSF raided the residence of Mr. Mudawi Hamdan Ahmed also known as Bangazi located in Al-Hamidiya in the North neighborhood, Zalingei, and looted the house. Mr. Mudawi was accused of working and collaborating with SAF.

On 20 October 2023, a group of armed RSF members raided the Al-hasahisa camp in the wee hours of the night. The community leaders in the camp communicated with RSF commands who sent another group of officers to stop the raid.

Victim's testimony

Mr. Hassan (not real name) aged 27 a resident of Al-Hasahisa camp and a victim of the human rights violation narrated to ACJPS that *“on 30 October 2023 at about 06:56 Pm, an RPJ started shelling targeting my house at the camp. Together with two other guests, we hid in one room that was eventually destroyed and unfortunately, the two guests were killed, and I sustained injuries to various body parts”*

Consequences of the attacks

The shelling and air strikes have resulted in the complete and Partial destruction of at least 470 houses in Zalingei and the displacement of thousands of residents from Al-Hasahisa North, the Dardig neighborhood located North of Abu Bakar School located North of the camp, and the eastern neighborhood of Al-Ezaah.

Incidents of Arbitrary Arrests

On 18 October 2023, a group of RSF officers entered Zalingei Hospital and arrested Mr. Abdul Wahab a human rights defender and photographer. Mr. Abdul also works as a volunteer with a youth group to provide medical assistance in hospitals. He was taken to RSF detention center in Alfong where he was interrogated, and his gadgets searched and later released.

On 13 September 2023, an unidentified dead body which was later an RSF officer was found near Al-Hemidiah IDP camp in Zalingei of Central Darfur. RSF accused the IDPs of murdering the officer thus raising tension between the two parties. Fortunately, the IDP community leaders intervened and controlled the situation, and the parties made a deal RSF agreed to pay a sum of 1,800,000 Sudanese Pounds as half of the “Dia” and the other residents in the neighborhoods in the Valley agreed to pay the same amount

On 2 October 2023, RSF members shot dead a mentally ill male at Al-Muhafzeen "The Conservatives' neighborhood" in Zalingei, Central Darfur State. Recommendations

African Centre for Justice and Peace Studies (ACJPS) strongly condemns the continuing attacks on the already vulnerable IDP population in Sudan. ACJPS stresses that the continuing attacks on the civilian population by the Sudanese army, the paramilitary Rapid Support Forces (RSF), and armed militias committed with impunity is in clear violation of the local ceasefire agreements, national, regional, and international Conventions protecting civilians.

We therefore call upon the Sudanese authorities and the warring parties to;

1. Ensure the physical and psychological integrity of the injured persons and guarantee that they are provided with adequate medical care,
2. Order a thorough and impartial investigation into these events, to identify all those responsible, bring them to trial, and apply the penal and/or administrative sanctions as provided by law,
3. Guarantee the respect of human rights and fundamental freedoms throughout the country in accordance with national laws, international humanitarian law, and human rights standards.
