

We all believe that God is powerful enough to part the sea and calm the storms. A couple of weeks ago we witnessed our own “calming” of the storm by the Lord during our first Adventure Program. The girls’ program started July 13th and the weather forecast and warnings for that night were for severe and strong storms. A parent contacted me and said there was a tornado watch in a nearby county. I began praying for the storm to go around our area and for it to not be as severe as the forecasted predictions. My husband checked the radar and told me what was transpiring. We watched the storm as it came straight towards our property and it appeared to be a very dire situation. Bright yellow spread over the radar map, indicating heavy rain and a very strong storm. As we watched the radar map we were amazed to see the clouds break and the storm go to either side of the camping area. We believe that the storm was moved by God and the girls and leaders were protected by Him from this dangerous situation.

Today God still hears our prayers, requests, concerns and provides answers. We receive his blessings, protection and loving care each day. We are so thankful to the Lord for His protection for the girls’ Adventure Program.

Thankful for answered prayers, Dorothy Davidson

Adventure Program-July 13-16
