MEMORANDUM FOR Raider Coaches

SUBJECT: Memorandum of Instruction (MOI) JCHS Raider Meet – 16 September 2023

1. **General Information.** The competition is an open invitation to all JROTCs. There are five events (Team Run (TR) (see Annex C), Raider Fitness Challenge (RFC) (see Annex D), Obstacle Course (OC) (see Annex E), One Rope Bridge (ORB) (see Annex F), and a Cross Country Rescue (RFC) (see Annex G) and a Raider Knock Out (RKO) before the award ceremony. RSVP by emailing the registration form (Annex A) as soon as possible. You can submit your form of payment at the competition or by mail.

[michael.mcmillan@jones.k12.ga.us](mailto:michael.mcmillan@jones.k12.ga.us).

2. **Venue/Timeline.** The Jones County High School (JCHS) Greyhound Corps of Cadets host its 1<sup>ST</sup> annual JCHS Raider Meet. The top three teams overall, per division (male, coed, female), are awarded trophies, and the top three teams in each division receive streamers for each event.

0700	Grader Meeting	1500	Events Completed
0730	Coaches Meeting	1500	Raider Knockout
0800	Team Run	1515	Award Ceremony
0900	Event Schedule begins		

(See Annex B for locations).

3. **Registration.** Final payment is due before your team competes cash or check works. Schools may enter multiple teams. The cost is \$75.00 for the first team, and \$25.00 for each additional team (not to exceed 3 per school). Make checks payable to JCHS ATTN: JROTC, 339 Railroad Street, Gray, GA 31032 (see Annex J for W9). Please email the registration form (see Annex A) to CPT McMillan ([michael.mcmillan@jones.k12.ga.us](mailto:michael.mcmillan@jones.k12.ga.us)) as soon as possible. It will help with the planning of the competition.

4. **Teams.** Male and coed teams have up to 12 teammates, but only 10 can compete in any event. Coed Teams must have a minimum of (4) four females competing. Female teams have up to 12 members, but only 8 can compete in any event, this is an effort to get more female teams to compete. Cadets will only be allowed to compete on one team; meaning a Cadet on the male team cannot be substituted for one on the coed team. If any team drops below 8 Cadets during these events, they will not be allowed to continue. Schools turn in team rosters during registration, including substitutions.

5. **Weather.** Safety is our top priority. If there is severe weather, we will stop the competition and move to safety (see Annex H). Cadre and chaperones escort their students and visitors to the JCHS gym if bad weather dictates. A series of three blasts from an air horn will signal to stop training and to move quickly to the gym. Schools will account for their personnel and notify the JCHS SAI/AI accordingly. Jones County HS SAI/AI will announce all clear, and teams will return to their previous location.

6. **Equipment.** Jones County HS equips the events except for the one-rope bridge. Bring enough Swiss seats, snap links, and ropes for your Cadets. Poles are 100 feet apart from each other. If your team needs equipment for the one-rope bridge, let the Jones County HS SAI/AI know, and we'll figure it out. Jones County HS provides helmets to teams for the CCR and OC.

7. **Food.** A concession stand will be open to purchase food and drinks. There are local restaurants/grocery stores to buy food, drinks, or ice.

8. **Parking/Tents.** There is a designated School Bus and personally owned vehicles (POV) parking (see Annex B). Busses will be guided by event personnel. Additional guests can park in designated parking lots. Please put-pop up tents in the designated areas (see Annex B).

9. **Medical/Emergencies.**

a. Dangers. The school cadre will ensure they brief/train their Cadets and all other attending personnel about the dangers identified with the Risk Management Work Sheet (RMWS) (see Annex K). Each participating raider team, IAW their school policies, is responsible for assuming their own risk, planning for medical insurance/payments, and securing applicable waivers for their personnel while traveling to/from and participating in the meet. JCHS is not responsible for medical bills or costs through the covenant not to sue (see annex I).

b. Medical. The Jones County HS Athletic Trainer is onsite to assess injuries and treat them as capable. The Athletic Trainer also has the authority to call Emergency Medical Services (EMS) if necessary (see Annex H)

c. Problems and Reporting. Report all treated injuries/problems and anyone leaving JCHS due to medical conditions to the Jones County HS SAI/AI. Serious Incident Reports (SIRs) are submitted through the Jones County HS SAI/AI. JCHS will not provide transportation off school grounds. In case of a significant injury, training will immediately cease at that location, the casualty will be assessed, treated, and EMS will be called if necessary. An adult school representative from the injured Cadet's school should escort the Cadet to the medical center (see Annex H).

10. **Event Plan.**

a. **General Information.** JCHS will provide a map and a rotation schedule during registration (see Annex B for location). This will happen after we receive your team

rosters and payment. Teams follow the posted schedule to ensure completion by 1500. All events, except the team run, require Cadets to wear ACUs and boots. No headgear is needed. Teams will be assessed time penalties or disqualification from awards for deviation from the course or dropped equipment, team members not completing portions of the event, foul language, instructor or Cadet assistance/coaching, etc.

**b. Watching vs. Coaching During Event.** No coaching is allowed during events. Team coaches may follow teams through the event to monitor the safety and welfare of their Cadets. Team Captains should relay their questions or concerns about grading to the grader; if the grader cannot resolve the issue, the SAI/AI will resolve it. Unwelcomed comments hurt morale and may incur team penalties or disqualification if directed toward the judges.

**c. Use of Tobacco, Drugs, and Alcohol, etc.** This is a school event subject to school discipline policies and procedures. We will not allow tobacco, drug, or alcohol use near Cadets or the competition. The school cadre is responsible for the conduct of its personnel. Please tell parents in advance.

**d. Uniforms.** All team members must always be in the same uniform; running shoes are authorized for the Team Run. All other events require ACU bottoms, boots, and t-shirts. ACU tops are optional, and no headgear is needed. Gloves are optional at some events. Ensure uniformity for the awards ceremony.

**e. Scoring.** Composite score sheets are used at each event, and the overall rankings and scores will be emailed out within one week after the event. If a tie occurs, we will use a weighted grading system. Weighted events from heaviest to lightest are in sequence; Obstacle Course, One Rope Bridge, Cross Country Rescue, Raider Fitness Challenge, and Team Run.

**f. Events.** Teams may skip events but will not be considered for Streamers or Trophies and must remain in assigned sequence order. The map and event schedule copies will be available at the registration site (see Annex B). No team vehicles are allowed between event sites. Ensure the team captain reports and informs the grader which type of team category you are competing in.

## ANNEX C JCHS TEAM RUN (TR)

1. TASK: Each Team must complete a 1.9-mile Team Run over a designated marked course along a paved and unimproved terrain.

2. CONDITIONS: During daylight hours and under existing weather conditions, each Raider Team negotiates the 1.9-mile course consisting of paved and unimproved terrain in their prescribed Raider uniform (ACU/OCP trousers, Team, or brown t-shirt, and running shoes). Coaches, parents, chaperones, or other team members cannot run with the team.

3. STANDARDS: Team scores are based on the total time it takes for the Team to finish the course. All Raider Team members must cross the finish line together within the 10-meter rule. (THAT WILL BE MARKED) Time stops when the last member of the team crosses the finish line. Raider Team members cannot push, pull, hold hands, or carry their teammates during the Team Run Event. A (50) second violation will be added to the run time. At No time will a coach, Cadet, team member, parent, chaperone, or Cadre run along or “pace” a Raider Team. Any Raider Team caught violating this rule will be **DISQUALIFIED**. If a Raider Team member drops out of the Team Run Event after the run starts, the Team will ensure the Cadet is taken care of by getting medical help or other help needed for that team member. Once help arrives, the rest of the team can finish the run if desired. Teams will incur a five (5) minute penalty for each team member who drops out of the run.

4. CONCEPT: Coaches and Team Captains are briefed on the task, conditions, and standards during the Coaches’ meeting. Team Coaches are responsible for keeping track of their team time. Teams line up at the start line in their respective order. The order will be published with the final rotation schedule. Teams are released at 1-minute intervals. When told to report to the starting line, all teams from the school move forward, and a judge gives the command “Get Ready” and “Go.” Time will stop when the Last Raider of that team crosses the finish line. 10 Meter rule is in effect at the finish line.

### **JCHS Raider Fitness Challenge (RFC)**

1.Task: Complete the Raider Fitness Challenge course, which is designed to examine the strength, stamina, strategy, and endurance of the team of Cadets over a course approximately ½ mile in length using various obstacles.

2.Conditions: During daylight hours and under existing weather conditions, each Raider Team completes the Raider Fitness Challenge in the Raider Team uniform: Boots, ACU/OCP trousers, and school T-shirt with sleeves or ACU/OCP T-shirts. ACU/OCP tops may be worn depending on weather conditions.

3.Standards: The Team is scored on how long it takes all members to complete the course. The 10-meter finish box is in effect.

4.Concept:

a. The grader will command “Get set...Go,” which will start the clock. The course consists of the following items in order:

1. A Low crawl obstacle.
2. Carry equipment for distance; Water Cans, Ammo Cans, Kettle Bells, and Sandbags (Items weigh 20-40 lbs.).
3. An over or under obstacle
4. A speed agility maze
5. A weighted canoe to carry (canoe weighs between 100-200 lbs.).
6. A burpee pull-up station.
7. Repeat the course in reverse, resetting all equipment.

b. One team at a time on the course. All equipment must be placed down and not dropped, or the team is penalized. Teams complete the course in reverse so that all items will be where you originally picked them up. Once the last Cadet crosses the finish line, time will stop. The 10-meter finish box is in effect.

c. Judges move with the team to assess penalties, redirect teams if they veer off the course, and record their time on the score sheet. Judges review the score sheet with the Team Captain, and both Judge and Team Captain sign.

## **ANNEX E**

### **JCHS Obstacle Course (OC)**

1. **TASK:** Teams successfully negotiate an Obstacle Course of 13 military-style obstacles. Teams carry three assault bags weighing 25 pounds each.

2. **CONDITION:** During daylight hours under existing weather conditions, male and coed teams negotiate the obstacle course carrying three assault bags, and female teams carry two assault bags that JCHS provides. Raider Team uniform: Boots, ACU/OCP, helmet that JCHS provides. ACU/OCP tops may be worn. ALL team members must stay within two obstacles of each other or be penalized.

3. **STANDARDS:** Team scores are based on the time it takes for the team to finish the Obstacle Course. All obstacles must be negotiated except for the rope climb, which must, at a minimum, be attempted, and each Cadet has two attempts to negotiate each obstacle. Time stops when ALL Raider Team members and their equipment have crossed the finish line. The 10-meter Finish Box is in effect.

4. **CONCEPT:** Each team reports to the obstacle course ready area and will be briefed on the task, condition, and standards for the obstacle course. At this time, they will be issued three assault bags and helmets. The assault bags weigh 25 pounds each. The teams will be given five minutes to prepare and conduct any last-minute planning or preparations. When told to report to the starting line, the team moves forward, and a Judge commands “GET READY” and “GO.” The team will start negotiating the obstacles with the team staying 10 meters from each other.

5. Obstacles Course Consists of:

a. **Tire, Over, and Under (Obstacle #1).** Negotiate the tire obstacle by placing your body through the center of the tire. Do not touch the cables or the wood. Negotiate the over obstacle by approaching the wall at an angle, placing a hand on the side next to the wall is placed on top of the wall, then, with a straight-arm movement, push the body weight upward. At the same time, the leg on the side next to the wall is thrown upward and over the top, followed by the other leg. In landing, your weight comes down on the landing leg first, followed by regaining your balance on both legs. The free arm serves as a balance. Negotiate the under obstacle by using a low crawl technique to move under the low rail.

b. **Belly Robber (Obstacle #2).** Negotiate the obstacle by stepping on the lower log and taking a prone, stomach-down position on the horizontal logs. Crawl over logs to the opposite end of obstacle, then dismount feet first.

c. **Inclining Wall (Obstacle #3).** Negotiate the obstacle by approaching the underside of the wall, jumping up, grasping the top, and pulling themselves over the top. Slide or jump down the incline to the ground.

d. High Step Over (Obstacle #4). Negotiate the obstacle by stepping over each bar; either alternate legs or use the same leg each time while trying not to use their hands.

e. Six Vault (Obstacle #5). Negotiate the obstacle by vaulting, using one or both hands, or rolling over all of the logs.

f. 10ft, 8ft, and 6ft Walls (Obstacle #6). Negotiate the obstacles by approaching the wall at a walk or a slow run. Jump upward and grasp the top of the wall. Place the chest on the wall and kick vigorously upward and over with both legs. Keep your body as close to the top as possible to maintain a low silhouette. A rope and platform are available on the 10ft. wall. Cadets must climb down a 10ft. wall; jumping off the platform is NOT authorized.

g. Easy Balancer (Obstacle #7). Negotiate the obstacle by walking up one inclined log and down the one on the other side to the ground. (No Running).

h. Parallel Bars (Obstacle #8). Negotiate the obstacle by grasping two ladder rungs and swinging yourself into the air. Negotiate the length of the ladder by releasing one hand at a time and swinging forward, grabbing a more distant rung each time.

i. A Frame Cargo Net Climb (Obstacle #9). Negotiate the obstacle by grasping the rope rungs overhead and stepping up on the lower rope rungs. Reach up with the right arm to grasp a higher rung while simultaneously stepping up with the left leg. Position the body over the frame and descend the net on the other side using the same technique.

j. Culvert Tubes (Obstacle #10). Negotiate the obstacle by performing a high crawl technique. Move one hand forward while simultaneously moving the opposite knee forward. Continue moving on hands and knees alternatingly and continue this technique until you exit the tunnel.

k. Rope Climb (Obstacle #11). Negotiate the obstacle by anchoring the feet. Stand up, pushing down with the legs. Reach overhead and re-grasp the rope. Draw your knees toward the chest. Re-anchor the feet on a higher point on the rope. Repeat sequence until reaching the top of the rope.

l. Belly Crawl (Obstacle #12). Negotiate the obstacle by moving forward under the rope, on your stomach, to the end of the rope obstacle.

m. Tires (Obstacle #13). Negotiate the obstacle by placing one foot in every tire center.

## **ANNEX F**

### **JCHS One-Rope Bridge (ORB)**

1. TASK: Construct a one-rope bridge spanning approximately 40 to 100 feet

2. CONDITIONS:

a. Under existing weather conditions and in a field environment, each Raider Team crosses an open field on a one-rope bridge spanning 100 feet.

b. Teams will make only one timed crossing and will compete against the clock. Time will not stop during the conduct of the event unless teams go over the 10-minute time limit. Penalties will be assessed for rule infractions and safety lapses. Total event time will be calculated from the crossing time plus any assessed penalty time.

c. All team members must cross the obstacle on the rope except for the first and last Raider.

d. Caps are not grounded with other equipment but may be carried in the cargo pocket before commencing construction of their one-rope bridge. The uniform may be adjusted as needed depending on the heat category.

e. Each Raider team is responsible for providing their own equipment. If a team needs equipment, contact the Jones County HS SAI/AI and we'll help to figure it out.

STANDARDS: IAW the TC 3-97.61 (July 2012)

a. The Swiss seat must be secured with a square knot and with an overhand knot at each side of the square knot to prevent the knot from becoming untied with at least a four (4) inch pigtail on each knot. First and last Raider may wear ropes tied around their waist using a Swami belt (pg. 6-28). Swami belt will be tied IAW TC 3-97.61, Military Mountaineering page 6-28 using at least two wraps around the waist and tied off with a square knot with overhand safeties with a minimum 4-inch pigtail on each side. An end-of-the-line bowline w/overhand knot or figure 8 hooked into the far side Raider's snap link is used to secure the far side Raider while crossing the stream. The Swiss seat (rappel seat) will be tied IAW TC 3-97.61, Military Mountaineering, pages 4-29. Note: On Step 5, the two ends may travel from bottom to top or top to bottom as long as a half hitch is created on both hips, creating a bight.

b. The only knots allowed for the far side anchor point will be one round turn around the anchor point secured by two half hitches on a bight, or a tensionless anchor knot (see Pg.5-6) with a minimum of 4 round turns around the anchor point secured by a snap link which must be secured to the rope bridge rope by an end of the line bowline w/overhand knot or figure 8 knot. The only knots allowed for the near side anchor point/tightening system will be the wireman's knot and /or the figure 8 slip knot

(Transport Tightening System Pg 7-15 Fig 7-10) as the tightening system knot; round turn around the near side anchor point secured by two half hitches on a bight. The half hitches on a bight are not required to go over all ropes if it provides a safe knot extending toward the tightening system knot.

c. The two anchor knots, the wireman's knot or figure 8 slip knot (either may be used to construct the one rope bridge) and the two half hitches on a bight will be visually inspected for safety prior to Raiders mounting the bridge rope. If improperly tied, then the team is STOPPED and allowed to fix knots, but time continues to run.

d. Teams may tie their Swiss Seats before checking into the OIC. The OIC must watch the team back feed the rope in the duffle bag or similar container. The team will be given five minutes to tie their Swiss Seats and to prepare their rope by back feeding the rope into the duffle bag or similar container. When the team captain feels his team is ready to be inspected, he calls time, and the time stops. If a seat is unsafe the team does not get the remaining minutes to tie the seat without penalty. The Swiss seat must pass the CHECKPOINTS on page 4-29 of the TC 3-97.61 to be considered safe and a team penalty assessed for any unsafe seat.

e. When crossing, only three Raiders will be clipped onto the bridge rope with the Swiss seat at any one time. While crossing each Raider is not required to have one leg/foot in contact with and over the bridge rope. The bridge will not be disassembled until the last Raider has crossed and safely unclipped on the far-side.

## **ANNEX G**

### **JCHS Cross Country Rescue (CCR)**

1. **TASK:** Raider Team transports a simulated casualty over a .8-mile course on unimproved terrain. There are three obstacles (10- and 8-foot walls, culvert tubes, and an over-and-under obstacle) that all Team members and the weighted assault bags (NOT the Litter) must negotiate along the route. The objective is to complete the course in the shortest time.

2. **CONDITIONS:** Raider Team uniform: Boots, ACU/OCP trousers, school T-shirts with sleeves or ACU/OCP T-shirts, helmet. ACU/OCP tops may be worn depending on weather conditions. Each Raider Team must begin and end this event with the same members. No substitutes are allowed after the event starts. Each raider team will have to carry a litter weighing approximately 95 pounds and three assault bags weighing 25 pounds over a marked course. Each raider team will be given 5 minutes to prepare for this task. There are three obstacles that all team members, along with the assault bags, must negotiate along the route. The litter is placed next to the marked area next to the obstacle and retrieved after negotiating the obstacle.

3. **STANDARDS:** Raider Teams check in with the graders, and the grader will notify the team when the 5-minute preparation time begins. Teams start and finish from the same location. Upon the command “GO” each Raider Team will transport the weighted litter and the assault bags through the course in the fastest possible time. Upon reaching the three obstacles, all team members must negotiate the obstacles to include team members with assault bags. The litter is placed next to the obstacles in the marked-off area and retrieved after negotiation of the obstacle. Raiders are NOT allowed to jump off the 10-foot wall platform and must climb down the obstacle, or a penalty is added per incident. All member equipment and team members must cross the finish line before time is stopped.

- a. Equipment will not be thrown or dragged.
- b. The assault bags will not be carried on or attached to the litter in any manner.
- c. Each Raider Team Captain may task organize their Teams and decide how many Cadets carry the litter and who is carrying the assault bags, and how they switch off during the actual event.
- d. A raider team member can place their equipment down prior to crossing the finish line and go back to aid their team members. If a Raider crosses the finish line, they may NOT go back and help their team. All team members must remain within line of sight of each other.

## ANNEX H Severe Weather and Medical Concept

# ANNEX H SEVERE WEATHER AND MEDICAL CONCEPT

**CONCEPT OF THE OPERATION:**  
This is a three-phase operation.

**Phase I, Phase I,** planning and preparation, begins with continuous improvement brief and ends with rehearsal. Critical to this phase is confirming the Athletic Trainer is scheduled. SAI/AI reconfirms all equipment, personnel, and procedures are in place prior to the competition. Prior to schools' checking in and at check in schools receive Severe Weather and Medical Concept. SAI/AI, and Cadet staff execute a rehearsal prior to execution of the event. SAI/AI answers RFIs prior to the start time.

**Phase II, execution,** begins with making a weather call, if necessary, the day prior, and ends with the last school leaving school grounds. Critical to this phase is reacting appropriately to the situation. Host school makes a weather call 24 hours prior to the event and notify visiting schools of any changes. Graders and coaches receive a safety/event brief from SAI/AI prior to the first team executing the event. The medical and severe weather plan is disseminated at this brief.

**Medical:** The host school Athletic Trainer is located at the medical tent near the obstacle course. The trainer is available to assess and treat injuries as capable. The trainer can recommend or call EMT as necessary and the Host and visiting School SAI/AI are notified. If evacuated from the school grounds by EMT or visiting school transportation the closest hospital is Piedmont Hospital, in Macon, GA (14.5 miles).

**Severe Weather:** When a severe weather is imminent a call is made and announced by bullhorn, PA system, and use Air Horns. An Announcement is made for all people to move to the gym and the Greyhound Staff assist visitors with the fastest way to the gym. After the severe weather has passed SAI/AI make the call to continue the competition or cancel the remaining events.

**SIRs:** The SAI/AI send SIRs to 6<sup>th</sup> BDE as they occur.

**Phase III, recovery,** begins after the last has left the host school rounds and ends when all recovery tasks are complete. Critical to this phase is confirming all SIRs have been sent to 6<sup>th</sup> BDE. Greyhound staff secure all equipment. A formal AAR is conducted the following week.

**TASK ORG:**  
- SAI/AI: CPT McMillan/SFC Kingston  
- Staff: Greyhound BN and Volunteers  
- Medical: Jones County HS Athletic Trainer  
- EMT: Local

**SUSTAINMENT:**  
**CLASS I**  
- Food and water sold at concession stands.  
- Visiting schools provide their own food/water  
**CLASS VIII**  
- 1 x First Aide Bag at Medical Tent  
- Arm Immersion and Ice Sheets  
- Cool zone

**TASK TO SUBORDINATE UNITS:**  
- Athletic trainer notifies SAI/AI of injuries, any MEDEVAC/EVAC.  
- Greyhound Staff assist visitors to the gym encase of severe weather.

**UNIFORM:**  
- Boots  
- ACU/OCP trousers,

Requester's name and address (optional)

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign this certification, but you must provide your correct TIN. See the instructions for Part II, later.

Futura developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.
