ANNEX D

SANDBAG RELAY

1. Equipment Relay. This 10-Raider activity has the Raider team breaking up into two groups of five. Raiders 1 through 5 will move ten, 30-pound sandbags (six for female division) from Circles A through F. Raiders 6 through 10 reset the course. Time stops when all sandbags are returned to Circle A.
 - a. To start, Raider 1 will grab up to two sandbags from Circle A, carry them around a cone 25-yards away, and then run the bags to Circle B where they will be set (not dropped or thrown!) down.
 - b. Raider 1 will then return to Circle A in the most direct manner possible to repeat this process until all ten sandbags have been moved to Circle B. Raider 2 will carry any available bags from Circle B to Circle C by carrying them around a cone 25-yards away.
 - c. As soon as Raider 3 has any bags to carry in Circle C, Raider 3 will carry those bags around a cone 25-yards away and place them in Circle D.
 - d. This process will continue until all ten sandbags have been moved by Raider 5 from Circle E to Circle F.
 - e. At this point, Raiders 6 through 10 repeat the process in reverse Circle order until all sandbags have been returned to Circle A.
 - f. For mixed teams, females will be Raiders 4 through 7. Raider 4 will only take six of the ten sandbags brought to Circle D, leaving the other four, and move them to Circle E where female Raider 5 will take the bags around the cone to Circle F. Female Raider 6 will take the six sandbags from Circle F around the cone to Circle E where female Raider 7 will take the six sandbags from Circle E around the cone to Circle D. At that point, Raider 8 needs to move all ten sandbags around the cone to Circle C and so on.
 - g. No Raider can do the course twice so a weaker Raider does not get a turn.
 - h. If a mixed team uses more than four females for this event, only female Raiders 4 through 7 carry six bags. In other words, any additional female will be required to carry all ten. Last, also for mixed teams, because female Raiders 4 through 7 are carrying six bags, this means that there are four bags waiting in Circle D as mentioned above.
 - i. Raider 8 cannot begin moving those bags early in an effort to get a head start on getting those bags moved from Circle D to Circle C. Raider 8 can only begin carrying bags when female Raider 7 starts bringing the bags from Circle E to Circle D. With regard to female division teams choosing to use less than 10 females on this event, please know that all six bags must be transported through the entire course. If a female division team decides to use less than 10 females, they are committing at least one (in the case of a nine girl team) or two (in the case of an eight girl team) to have to run the sandbags multiple times.
 - j. Video demonstrations can be seen at [Etowah Sandbag Relay \(August 2021\) - YouTube](#)
 - k. Uniform will be ABU/ACU/OPCs with boots.
