CLUB COMPETITIONS GUIDELINES:

In all club competitions, all players must be members of North Sheen Bowling Club and have paid their annual subscription in full before commencement of the competitions.

The Club Competitions finals date shall be agreed at the Annual General Meeting (AGM) before the start of the season and shall be clearly stated in the document distributed to all playing members for payment of subscription and registration for club competitions.

The Competition Secretary shall decide the dates by which games must be played and the draws of all rounds of the NSBC competitions shall also be arranged by him/her. This will all be decided on and published by the end of May. Notices will be displayed on the board inside the club house.

The Challenger shall be responsible for appointing a marker, if it is a singles competition and the choice of rink and the entry in the Rink book of the date and time when the game is to be played. Both the challenger and the opponent must discuss and agree a date within the period of the two weeks shown on the noticeboard draws.

If the Challenger and the Opponent have not been in touch for whatever reason to discuss the date on which the game will be played, the Competition secretary will become involved. It will be his decision to give more time to both players to play the game or if necessary, scratch both because it could jeopardize the whole competition should the awaiting player be in a position that he or she have to give away the match because of time factor.

If any player knows they are going on holiday they must contact their opponent at the earliest opportunity, whether they are the challenger or not, in order that every effort to arrange the game is made.

All Competitions shall be played with a start time no earlier than 6pm on weekdays or 10am at weekends. A game may be started earlier by mutual agreement between players. Afternoon matches must be off by 6.00 pm if that rink has a prior evening booking. Matches must start within 30 minutes of the arranged time unless otherwise agreed.

It is the responsibility of the Treasury official to pass the details, names and contact numbers to the Competition Secretary and for the Competition Secretary to post a contact list of all playing members on the competition board.

NOTIFICATION OF RESULTS

The winner of each round must enter their result on the competition board, which is located inside the club house, in order for the Club website to be updated.

CONCEDING A GAME

Singles of any kind: if a player becomes aware that they will be unable to play in any later round, they are REQUIRED TO CONCEDE THE NEXT game to their opponent. Failure to do so shall render the offender liable to exclusion from all Club Competitions in the following season at the discretion of Competition Secretaries.

EXCEPTIONAL CIRCUMSTANCES/ WEATHER CONDITONS

If bad weather results in the green becoming unplayable, every effort must be made to play the match as soon as possible but shall be before the date of the next round. If this is not possible a Competition Secretary should be contacted, and their decision will be final.

The Competition Secretary shall be informed as soon as possible if such a stoppage prevents a match from being played or completed by or on the specified date.

For unfinished matches where five ends or more have been played, and where it is impossible to rearrange a match, the score will stand as the result. If the score is a tie or fewer than five ends have been completed, then the result shall be decided on the toss of a coin, or by mutual agreement (Only if it is impossible to re-arrange a match).

Where the match can be re-arranged the game shall be played from where it was stopped, although trial ends are permitted before the recommencement of the competition.

It is hoped that every game can be played but it is recognized there are some instances where a player is excessively late in arriving. The non-offending player may claim the game after waiting 30 minutes from the agreed start time.

DRESS CODE

Dress code for the final's day will be white with the Club colors.

RINKS AVAILABILITY AND EXCEPTIONS

The Club has six rinks available for all members to play on during the bowling season; the orientation of playing will be in normal circumstances, one week north-south orientation and the following week, east to west orientation. The setup could be modified if the Green Keeper advises the contrary.

There is a rink book in the clubhouse for players to register the date, time, and the competitions they are going to play.

Players who use the rink for roll ups will use any free rink available.

If a game is played during the afternoon, this must start at a time so that it will be finished before the evening session starts.

There are some circumstances where the use of rinks will be prioritized and tend to occur at the early part of the season, priorities are in this order.

1. Any member playing a National Competition will have priority to pick a rink.
2. Any member playing a County Competition will have priority to pick a rink.
3. Any member playing any District Competition will have priority to pick a rink.

All of these apply to members playing, there are also Inter Club Competitions in which those rinks that are going to be used for those competitions will take priority over all the above.

There could also be a case where one or more of our rinks could be required by another Club or Player who has to play at a neutral green and ask if we could volunteer a rink/rinks, in which case the rink/rinks assigned will be close for that period of time.

The same situation will arise if Surrey County asks our club to host county finals.

PLEASE NOTE THE FOLLOWING MUST BE OBSERVED.

NO PLAYER SHALL ENTER THE RINKS WITHOUT APPROVED FOOTWEAR, AND NO DRINKS SHALL BE CONSUMED WHILST ON THE GREENS PLAYING SURFACE.

RESPECT MUST BE SHOWN AT ALL TIMES FOR YOUR OPPONENTS AND THOSE WATCHING THE GAME.

**BOWLS IS A BEAUTIFUL GAME; YOU CAN WIN OR COME 2ND. IT DOES NOT MATTER, JUST HAVE A GOOD TIME
ENJOY THE GAME!!!!!!**
