**It's a natural  
part of aging**

**67%**

of adults over 71  
experience some degree  
of hearing loss. There is a  
way to manage it.<sup>1</sup>

**No more “Can you  
say that again?”**

Over-the-counter hearing aids are  
now more accessible than ever.  
Join the millions who are choosing  
to hear more clearly again.

**Don't just hear the  
world again—join it**

**Keep moving**

Those who wear  
their hearing aids  
consistently report  
higher activity levels.  
Keep chasing what  
moves you.<sup>2</sup>

**Keep focused**

Research shows  
hearing aid use helps  
slow the transition  
from memory slips  
to dementia. Give  
your mind the input it  
needs to stay bright.<sup>3</sup>

**Keep  
connected**

Research shows hearing  
aids help you feel  
less stressed in noisy  
groups. Get back to the  
conversations you love.

**Test your  
hearing for free!**

**Prefer a friendly  
voice?**

You don't have to do this alone.
