CONSULTING ENGINEERING COMPANY

TSMEDE (Engineer and Public Work Contractors pension fund) BUILDING

CLIENT:

Engineer and Public Work Contractors pension fund

PERIOD:

1995 - 1996

CONTRACTOR:

"IRA" CONSTRUCTION S.A.

DESCRIPTION:

This six stories building houses the Engineers and Public Work Contractors pension funds services.

The building, built in 1939, has a reinforced concrete framing system and is classified as preserved.

The main rehabilitation measures were :

- Removal of partition walls and reconstruction of mezzanine and staircase.
- Construction of central shear walls along the perimeter of the ground floor.
- Strengthening of interior columns (concrete jackets).
- Full height steel shaft for the new elevator.
