

Dear Parents,

next school year 2023/24 will be a transition year to the new normal for our Transport service. As you probably are aware of, we have two big changes in front of us:

1. The school trams will turn to be **public** (details are still under negotiation with KVV)
2. The yearly "Scoolcard" will completely be replaced by "Jugendticket BW"

so we have therefore set a new registration process and new organisation for supervision on public trams.

IF YOU HAVE ALREADY SENT IN FORMS PLEASE, BE AWARE THAT WE ARE NOT PROCESSING ANY OF THEM BUT FOLLOW INSTEAD THE INSTRUCTIONS ON OUR WEBSITE:

<https://www.eskar-transport.de/registration>

JRC/ESK SECONDED TEACHERS CHILDREN (BUS and TRAMS users)

- REGISTRATION and PAYMENT of service fee are **due** for ALL users KG-S7 on buses and tram
- Escort Service is included for ALL children on BUS and TRAMS (only for KG-P5)
- The transport service will order the JUGENDTICKET BW
- Whatsapp access to line groups is granted

BUS USERS

- All Buses Lines are kept (11,12,13,14)
- REGISTRATION and PAYMENT of service fee are **mandatory** for all users KG-S7. Children **not registered are not allowed** in school buses (11,12,13,14)
- Whatsapp groups will be kept ON as in the past
- Each family is in charge of requesting/cancelling the JUGENDTICKET BW (or any other valid ticket) directly with KVV.
- Escort service will be kept for all bus lines mornings and afternoons and will be on for ALL kids on bus.

TRAM USERS

- School trams will turn to public trams (updates will be sent by end of the school year)
- REGISTRATION is required ONLY for "Escort Service" and access to the whatsapp group of your line is granted
The escort service will be organised for KG-P5 children on request and activated only if more than 5 children are registered per tram line. In this case PAYMENT of service fee is **mandatory** and escorts will **ONLY** be in charge of registered kids.
- Each family is in charge of requesting/cancelling the JUGENDTICKET BW* (or any other valid ticket) directly with KVV.

Unfortunately, due to:

- the expected reduction of registered tram users
- increased costs for supervisors on trams and buses
- high uncertainty about tram KG-P5 children needing supervision

for next school year 2023/24 the service fees has been increased to **100 €** per child/year for Bus and registered Tram users.

In addition, in both cases (tram and bus users) from 6 years old a valid ticket/“Jugendticket BW” is necessary.

For more details you can visit the [KVV website](#).

We emphasize, however, that the full price of 465€ = 365€ (Jugendticket BW) + 100€ (service fee) is less than 520€ paid for the “Scoolcard” for the ongoing school year.

Registration is NOW open until 15th June.

All registration procedures are to be found on our website: <https://www.eskar-transport.de/registration>
