

## MAGNAT MTT 990 – THE TURNTABLE OF THE YEAR

This year, for the first time ever, the test editors of areadvd.de, av-magazin.de, lite-magazin.de and modernhifi.de have come together to jointly award the best and most innovative products, and these highlights are presented in an eMagazine. The ROAST Award not only recognizes the products that are the best in a particular class, but also products that have a lasting impact on the development of consumer electronics. The candidates were selected from a huge pool of tested products; only those devices that delivered a compelling performance and demonstrated an innovative capacity were presented with an award.
