Quotes from Mother Teresa

Not all of us can do great things. But we can do small things with great love."

I alone cannot change the world, but I can cast a stone across the waters to create many ripples."

Be kind and merciful. Let no one ever come to you without coming away better and happier."

"Love is a fruit in season at all times and within reach of every hand."

Do not think that love in order to be genuine has to be extraordinary. What we need is to love without getting tired."
