

## Joie de français conversation classes

*Here is some more detailed information on the different classes available. Please also note that I am flexible in my approach and willing to suit learners' needs: if there is something you would like or really need to cover, please just ask! There will be some cross-over between the classes, so do get in touch to tell me a bit about your experience with French so far and what it is that you're hoping to gain, so that we can work out together what the best option for you might be.*
