The Senior Citizen Council of Cobb survey of the Quality of Life for Cobb Seniors is Completed

- Find out how your neighbors and friends responded.
- What is the BEST thing they like about living in Cobb County?
- What community improvements do they think are needed?
- Are they exercising?
- Are they still driving?

What are the reasons that more than 2/3 of the respondents said they do NOT think that state and local governments care about the quality of life of aging residents?

Join the Hefty ReNew Program

Designed to complement current recycling efforts, the **Hefty ReNew™** program, formerly the Hefty® EnergyBag® Program, establishes a way to collect otherwise hard-to-recycle plastics at curbside and uses them as valued resources. These hard-to-recycle plastics include common items like candy wrappers and foam takeout containers.

The program clearly demonstrates its ability to help divert these resources away from landfills, reduce dependence on fossil fuels, increase efficiency at recycling facilities, and improve the quality of other recycled materials. In doing so, the **Hefty ReNew™** program takes an important step toward a more circular plastics economy and a more sustainable future.

This is the current list of haulers that participate in the program and will pick up the bag with your recycling:

- American Disposal
- B Green Disposal
- Custom Disposal Service
- Trash Taxi

If your hauler does not participate, you can drop off the bag at **Cobb County Recycling Self Drop Off** at 1775 County Services Parkway, Marietta, GA 30008 in the Hefty orange bin.

Let's all help Keep Cobb Beautiful!

It's beginning to look a lot like Christmas at the Capitol. The Georgia Council on Aging has been back under the Gold Dome as the Governor has called a Special Session, which started on Wednesday, November 29th. The purpose of the Special Session is to revise the districts from which members of the Georgia State Senate, State House of Representatives, and House of Representatives of the U.S. Congress are elected.
